Re-authoring Lives Michael Kingsley White,1995 Are you looking for hope in your work with people who are considered to have chronic problems Interested in literature and would like to find ways to express this in your work Developing ideas for consulting with people who have survived abuse Conscious of issues of power and want to make your practice more accountable to the people who seek your help Interested in recent developments in social theory and their implications for practice Or wanting to work collaboratively with others in the generation of new possibilities for their lives If so this book will be of relevance to you *Re-authoring Lives* Michael White,1995 Re-authoring lives Michael White,1998

Re-authoring Teaching Peggy Sax,2008-01-01 Key phrases blended learning insider knowledge online pedagogy narrative therapy postmodern pedagogy practitioners and consumers practitioner training public practices reflective practitioner students voices teaching congruently teacher practitioner therapeutic letters teaching therapeutic practice Author Peggy Sax PhD is in independent practice in Middlebury Vermont USA as a licensed psychologist consultant workshop presenter and university instructor An enthusiastic teacher Peggy feels privileged for opportunities to share powerful stories of learnings from over 30 years of work with families and their children teens adults couples communities and students of all ages Re-Authoring the World Chene Swart,2013-12-06 Reauthoring the World invites readers to a transformational way of being in the world It translates the Narrative Therapy approach and practices for people outside the therapeutic context that are interested in shifting the stories of their own lives as well as the communities and organisations that they work in Retelling the Stories of Our Lives David Denborough,2014-01-06 Powerful ideas from narrative therapy can teach us how to create new life stories and promote change Our lives and their pathways are not fixed in stone instead they are shaped by story The ways in which we understand and share the stories of our lives therefore make all the difference If we tell stories that emphasize only desolation then we become weaker If we tell our stories in ways that make us stronger we can soothe our losses and ease our sorrows Learning how to re envision the stories we tell about ourselves can make an enormous difference in the ways we live our lives Drawing on wisdoms from the field of narrative therapy this book is designed to help people rewrite and retell the stories of their lives The book invites readers to take a new look at their own stories and to find significance in events often neglected to find sparkling actions that are often discounted and to find solutions to problems and predicaments in unexpected places Readers are introduced to key ideas of narrative practice like the externalizing problems the person is not the problem the problem is the problem and the concept of re membering one s life Easy to understand examples and exercises demonstrate how these ideas have helped many people overcome intense hardship and will help readers make these techniques their own The book also outlines practical strategies for reclaiming and celebrating one s experience in the face of specific challenges such as trauma abuse personal failure grief and aging Filled with relatable examples useful exercises and informative illustrations Retelling the Stories of Our Lives leads readers

on a path to reclaim their past and re envision their future *Deconstructing Psychotherapy* Ian Parker, 1999-05-17 I enjoyed this book and think that it should find a grateful and attentive readership in the practical field as well as being a central text in academic settings It will also be well received by those like myself for whom the interest is more in deconstructing than psychotherapy Dialogues This book takes the discursive and postmodern turn in psychotherapy a significant step forward and will be of interest to all those working in mental health who are concerned with challenges to oppression and processes of emancipation It achieves this by reflecting on the role of psychotherapy in contemporary culture developing critiques of language in psychotherapy that unravel its claims to personal truth *The Art of Narrative Psychiatry* SuEllen Hamkins, 2013-09-10 Narrative psychiatry empowers patients to shape their lives through story Rather than focusing only on finding the source of the problem in this collaborative clinical approach psychiatrists also help patients diagnose and develop their sources of strength By encouraging the patient to explore their personal narrative through questioning and story telling the clinician helps the patient participate in and discover the ways in which they construct meaning how they view themselves what their values are and who it is exactly that they want to be These revelations in turn inform clinical decision making about what it is that ails them how they'd like to treat it and what recovery might look like The Art of Narrative Psychiatry is the first comprehensive description of narrative psychiatry in action Engaging and accessible it demonstrates how to help patients cultivate their personal sources of strength and meaning as resources for recovery Illustrated with vivid case reports and in depth accounts of therapeutic conversations the book offers psychiatrists and psychotherapists detailed guidance in the theory and practice of this collaborative approach Drawing inspiration from narrative therapy post modern philosophy humanistic medicine and social justice movements and replete with ways to more fully manifest the intentions of the mental health recovery model this engaging new book shows how to draw on the standard psychiatric toolbox while also maintaining focus on the patient's vision of the world and illuminating their skills and strengths Written by a pioneer in the field The Art of Narrative Psychiatry describes a breadth of nuanced powerful narrative practices including externalizing problems listening for what is absent but implicit facilitating re authoring conversations fostering communities of support and creating therapeutic documents The Art of Narrative Psychiatry addresses mental health challenges that range from mild to severe including anxiety depression despair anorexia bulimia perfectionism OCD trauma psychosis and loss True to form the author narrates her own experience throughout sharing her internal thoughts and decision making processes as she listens to patients The Art of Narrative Psychiatry is necessary reading for any professional seeking to empower their patients and become a better more compassionate clinician **The Blackwell Companion to Social Work** Martin Davies, 2013-04-01 Fully revised and restructured this fresh edition offers students and trainee social workers an incisive and authoritative introduction to the subject As well as entirely new sections on theory and practice the expert contributions which have shaped the companion's leading reputation have been updated and now include innovative

standalone essays on social work theory Comprehensively reworked new edition comprising six substantive sections covering essential topics for trainee social workers in effect six books in one Includes an extensive introduction and chapters by leading experts on the focus and purpose of social work Provides a unified textbook for trainees and an invaluable professional reference volume Features a wealth of new material on theory and practice alongside detailed expositions of the social and psychological framework stages in the human life cycle and the objectives and core components of social work Each chapter lists five key points to remember questions for discussion and recommendations for further reading *Judith Butler in Conversation* Bronwyn Davies, 2013-10-31 How has Judith Butler's writing contributed to thought in the Social Sciences and the Humanities The participants in this project draw on various aspects of Butler's conceptual work and they question how it has opened up the possibilities of thought in areas of study as diverse as theatre studies education and narrative therapy In a format that demands careful listening and response the scholars in this book interact with Butler her writing and each other Within this dynamic space they take up Butler's body of work and carry it in new and exciting directions Their conversations and writing are in turn funny exciting surprising and moving *Social Work, Social Justice, and Human Rights* Colleen Lundy, 2011-11-15 Social workers take pride in their commitment to social and economic justice peace and human rights and in their responses to related inequalities and social problems At a time when economic globalization armed conflict and ecological devastation continue to undermine human rights and the possibilities for social justice the need for linking a structural analysis to social work practice is greater than ever The second edition of this popular social work practice text more fully addresses the connection between social justice and human rights It includes a discussion of social work's role in promoting peace and responding to environmental problems It also places a greater attention on the links between social work theories concepts and practice skill responses The text has been updated and revised throughout with four new chapters social work and human rights cultural competence and practice with immigrant communities social work and mental health communities and practice with couples and families Detailed case studies demonstrate the integration of theory policy and practice **Developing a Narrative Approach to Healthcare Research** Viv Martin, 2018-04-19 Patients' perspectives on their experiences of illness and treatment are increasingly valued by the medical profession as a source of information to enhance professional development peer support and the quality of care provided This book explores the development of an in depth relational and reflexive approach to narrative inquiry drawing on counselling and arts based approaches to researching accounts of illness The significance of patient stories is explored through narrative research conversations with people whose personal accounts of a range of conditions provide powerful insights into the impact of illness on identity life stories and the experience of patienthood It offers suggestions for using narrative methods in medical education and practice to help professionals to both attend to patients' narratives and reflect on their own stories *Developing a Narrative Approach to Healthcare Research* will be of interest to educators practitioners

students and researchers in healthcare and the social sciences I will recommend this book to my students I hope other healthcare professionals will do the same and that some like me will go on to explore how narrative and story can be harnessed to both explore experience and to teach within healthcare from the Foreword by Karen Forbes I would recommend this book to everybody who is involved in caring for people who suffer serious illness whether they are professionals family or friends I also recommend it to social scientists and health professionals who want to conduct research in ways that capture the richness of peoples lived experience Kim Etherington Professor of Narrative and Life Story Research University of Bristol UK

Working with Sexual Issues in Psychotherapy Desa Markovic, 2017-08-25 Whilst many psychotherapists work skilfully and creatively with the subject of sex the lack of professional support systems such as training and supervision mean that the topic is often still treated as taboo in the psychotherapy room This secretive treatment may increase clients feelings of shame and embarrassment thus mirroring the confusing views on sexuality in society and leading to the onset and development of sexual dysfunctions Bringing the medical perspective of sexology together with systemic psychotherapy informed by social constructionism this timely book seeks to fill the gap in psychotherapy literature research and training by providing a theoretical framework as well as practical guidance for effective therapeutic interventions in working with sex and sexual relationships in clinical practice Exploring topics such as sexual prejudice the significance of sexual diversity and the assessment and treatment of sexual dysfunctions enriched with a wealth of engaging case studies *Working with Sexual Issues in Psychotherapy* is a fascinating and important read both for students new to this complex topic and for practitioners looking for a comprehensive source of reference

The Narrative Practitioner Laura Beres, 2014-07-04 This book provides a guide to narrative theory and practice a form of therapy which views people as the experts on their own lives Rooted in the ideas of Michael White and David Epston from the famous Dulwich Centre it offers a rich source of thinking and techniques for counsellors psychotherapists social workers and others working in the people professions Based on the author s teaching practice and research experience this book provides a bridge between theory and the basic principles and methods of narrative therapy The book assists the reader in implementing the key ideas and techniques into everyday practice contexts with the support of real life case studies and conversation maps Uniquely it covers important subjects such as ethics and values supervision and self care

Marriage and Family Therapy Linda Metcalf, 2011-06-23 This practical textbook helps students in marriage and family programmes as well as practicing marriage and family therapists understand and apply a variety of the most popular family therapy models

Interviews With Brief Therapy Experts Michael F. Hoyt, 2013-05-13 This book is a compilation of twelve interviews with brief therapy experts and some of the field s most influential innovators O Hanlon de Shazer White and Meichenbaum to name a few The interviews conducted to explore technical theoretical and ethical aspects of the theory and practice of brief therapy offer the give and take spontaneity that can only be found in an interview style The selection of the content is based on both the expertise of the interviewees as well as those issues of most

concern to the field managed care and economics ethics and being solution focused *Narrative Therapies with Children and Adolescents* Craig Smith, David Nylund, 2000-03-15 Showcasing approaches as creative and playful as young clients themselves the book presents therapy as a dialogue of discovery Through transcripts and compelling case examples contributors illuminate how drama art play and humor can be used effectively to engage with children of different ages and to honor their idiosyncratic language knowledge and perspective **Clinical Casebook of Couple Therapy** Alan S. Gurman, 2012-11-26 An ideal supplemental text this instructive casebook presents in depth illustrations of treatment based on the most important couple therapy models An array of leading clinicians offer a window onto how they work with clients grappling with mild and more serious clinical concerns including conflicts surrounding intimacy sex power and communication parenting issues and mental illness Featuring couples of varying ages cultural backgrounds and sexual orientations the cases shed light on both what works and what doesn't work when treating intimate partners Each candid case presentation includes engaging comments and discussion questions from the editor See also *Clinical Handbook of Couple Therapy* Fourth Edition also edited by Alan S Gurman which provides an authoritative overview of theory and practice

Brief Narrative Practice in Single-Session Therapy Scot J. Cooper, 2024-03-21 Brief Narrative Practice in Single Session Therapy emphasizes collaboration meaning making and relational ethics in single session conversations Chapters provide a thorough orientation to the therapy and address the diverse circumstances clinicians face in these conversations Separating from many long held traditions in therapy this book explores a guiding framework and the accompanying micro skills that therapeutic conversations demand In these pages readers will learn how to recalibrate their listening habits and talk differently about problems in ways that help them quickly hear and generate possibilities All those who provide psychotherapy counselling and coaching in time constrained contexts will find this book useful and engaging including those working in crisis and call in settings walk in clinics medical centres and live in contexts where change conversations are brief

So You Want to Do Narrative Therapy? Sanni Paljakka, Tom Stone Carlson, 2024-11-07 So You Want to Do Narrative Therapy is an engaging and accessible introduction to contemporary narrative therapy practice Each of the ten chapters is written in the series of letters personally addressed to a real student who is learning how to do narrative therapy at a narrative therapy agency Each letter highlights the most useful discoveries during the authors years of practicing in a narrative therapy agency both as a therapist and as supervisors Each letter also contains transcripts from therapy sessions showing the principles and practices in action and ends with a therapeutic poem that was given to the client based on their own words from a therapy session While written for narrative therapists at any level of experience this book is especially useful for graduate level theory courses in therapy training programs in counseling psychology social work and family therapy
