**OBTAINING A CHANGE OF GARMENT FROM THE COURT OF HEAVEN** ISAIAH MACWEALTH, There are some who suffer the pain of repeated failure rejection or disappointment without any reasonable cause Some others observe a repeated pattern of limitation in their lives or family and wonder why everyone in their lineage seem to stumble at the same stone Many others have become stuck in one level in their lives and cannot seem to make any sense of happenings because of limiting garments they bear Certain spiritual garments may limit your progress becoming the reason you cannot attain the levels you dream of in your heart no matter how hard you try Until these limiting garments are done away with you may continue to live in a circle and die without fulfilling God s purpose for your life But what are these garments how do they come how do they operate and how can they be changed In this book I will be showing you from scriptures what spiritual garments are how limiting garments are acquired how they can be changed how to keep your garments spotless and continue to obtain new garments from the courts of heaven **Word** Daniel Patrick Piskorski,2012-11 Inside of us is a relativity that runs as deep as the ocean can get and as hot as the sun can burn There s no wonder why nature and space can really be so fascinating and reassuring to our meaning The contents in our being the substance to our relativity is so vast and distant that it holds stars and galaxies but also so small and close that it cannot even be seen or felt inside the palm of your hand We are infinitely relative to the basis of all that exists whether it s perceived or not It doesn t matter what religion you believe what country you come from or what color your skin is because you re still relative to humanity as humanity is relative to life as life is relative to matter as matter is relative to space space to time and so on a so forth We re dimensional incorporations to a fabric that s woven from a collective relativity and stretched comparative to that of a dividing singularity We re interweaving expressions of each other that elaborate the function of our basis that explains and proclaims the word in our

own various and collective collaborations All of our credit belongings and possessions have to go back to the source in which they came but should also be done with pride in love and in thanksgiving for it s opportunity and our chance to experience The experience however is a part of the legacy that will be contributed to the collective experience and added back to the source of the singular consciousness The content in which we safeguard with our body and express through our representation will pass on in the link of experience and chain of consciousness We re all relative to its basis and the passion to which it s professed should also be made to that of relation We shouldn t hang our relative ground to simple devise and petty similarity like race nationality or religion but remain passionate to understanding and relative to purpose and meaning The word is a vindication from a meaningless life and is an ultimatum to a higher purpose that is just passed a threshold of your own demise The word is the content in which the house of your body safeguards as you transmit your experience to the universal plane of infinite oneness with the source of our existence
