Reaching the Underserved Lonnie R. Snowden,1982-12 Why are some needy populations so difficult to reach by mental health agencies Original essays examine specific ethnic and other underserved groups such as the aged rural people or chronic patients What is the role of such factors as distance to be travelled inhospitable presentation an unsophisticated view of mental health and inability to pay What are the factors in mental health services themselves that can be improved Contributors also review the efforts taken over the last 20 years to reach the underserved and suggest new directions for reform This is a superbly good book on a vital subject and deserves the attention of every person in the field of mental health and especially those in the field of community **Journal of Human Services Abstracts** ,1983 **Handbook of**

Diversity in Parent Education Marvin J. Fine,Steven W. Lee,2000-10-09 Traditionally books on parent education have focused on techniques from a certain tradition either behavioral or humanistic that could be applied to any problem of parenting or child behavior change These books have used a cook book approach that is frequently oblivious to environmental conditions that influence behavior or take into account the individual differences of the children or families involved This book highlights the complexity of our society and times by exploring the problems faced by diverse types of parents children and parenting situations Moreover the sensitive issues of parenting in unique populations are handled in a caring straight forward way with an emphasis on research based parent education programs along with tips and strategies for everyday use Premier text on parent education in diverse populations Features tips strategies websites and support for parents Based upon cutting edge research in parent education Models for developing problem specific parenting programs Step by step parent education programs for low incidence problems Features violence and crisis prevention and intervention skills for families *Working at the Interface of Cultures* Michael Harris Bond,2015-07-30 Behind the mask of objective

science lie the dynamics of what happens to scientists who go to live and work in another culture Those who work and study in an alien culture often find themselves changed in ways that affect their scientific work How does this challenge stimulate provoke suggest and inspire advances and novelty in their theories methods and instruments Originally published in 1997 each of the essays in this title explores these issues through the experiences of a distinguished practitioner describing the process of intellectual growth and development Chosen for their extensive experience with people holding a different worldview the authors have all achieved renown for their contributions to the social science of culture **Cultural**
