 the validity of the perceptions of Open Access OA e journals in the Library and Information Science LIS field Using relevant
 OA journals this book presents and evaluates journals qualitatively and quantitatively Over the last three hundred years
 scholarly journals have been the prime mode of transport in communicating the scholarly research process However in the
 last few decades a changing scenario has been witnessed in their form and format OA is an innovative idea that attracts a fair
 amount of support and opposition around the world because it bridges the gap between digitally divided scholars by solving
 the pricing and permission crises that have imbalanced the scholarly communication process Some scholars are of the
 opinion that OA has led to a chaotic environment where anyone can publish anything Scholarly Communication in Library
 and Information Services records in detail the impact by accessing the journals web site qualitatively and quantitatively in
 measuring the important elements such as articles authors countries subjects and cited references Finally the book
 calculates the impact factor using synchronous and asynchronous approaches First ever study to extensively evaluate LIS
