Reader In Public Opinion And Mass Communication:

Reader in Public Opinion and Mass Communication Morris Janowitz, Paul Morris Hirsch, 1981 **Reader in Public Opinion and Mass Communication** Morris Janowitz, Paul Morris Hirsch, 1981 **McQuail's Reader in Mass Communication Theory** Denis McQuail, 2002-04-22 This text is a companion to McQuail's Mass Communication Theory but can be used independently. It is a resource of statements drawn from communication studies, media sociology, and cultural studies. **Reader in public opinion and communication** Bernard Berelson, 1953 **Public Opinion** Slavko Splichal, 1999 A survey of the historical roots, theoretical foundations, and normative claims of 20th century conceptualizations of public opinion. It examines research strategies such as polling, the spiral of silence model, and the role of the media in the formation and expression of public opinion. *Harold D. Lasswell: An Annotated Bibliography* Rodney Muth, Mary M. Finley, Marcia F. Muth, 1990-07-31 **Polpop** James E. Combs, 1984 This book discusses various components of popular culture and the effects they have on politics. Some of the areas of mass culture which are discussed are popular dramas, folk heritage, the Western myth, sports, religion, media propaganda, and show business. **Reader in Public Opinion and Communication** Bernard Berelson, Morris Janowitz, 1950 **Public Opinion** Carroll J. Glynn, 2018-09-03 Public Opinion is a comprehensive and multidisciplinary examination of public opinion in the United States. Drawing on scholarship in political science, psychology, sociology, and communications, the authors explore the nature of political and social attitudes in the United States and how these attitudes are shaped by various institutions, with an emphasis on mass media. The book also serves as a provocative starting point for the discussion of citizen moods, political participation, and voting behavior. Feature boxes and illustrations throughout help students understand all aspects of the elusive phenomenon we call public opinion. The third edition has been thoroughly revised and updated to reflect how public opinion is studied today and to incorporate current data and debates. The book now contains two revised and reframed theory chapters: Group Membership and Public Opinion, and Public Opinion and Social Process, as well as new coverage of the influence of online and social media on public opinion, especially in issue opinions and campaigns. **Times of the Technoculture** Kevin Robins, Frank Webster, 2003-09-02 Times of the Technoculture explores the social and cultural impact of new technologies, tracing the origins of the information society from the coming of the machine with the industrial revolution to the development of mass production techniques in the early twentieth century. The authors look at how the military has controlled the development of the information society and consider the centrality of education in government attempts to create a knowledge society. Engaging in contemporary debates surrounding the internet, Robins and Webster question whether it can really offer us a new world of virtual communities and suggest more radical alternatives to the corporate agenda of contemporary technologies. **The Audience Studies Reader** Will Brooker, Deborah Jermyn, 2003 Key writings exploring questions of reception, interpretation, and interactivity. The fan audience, the active audience, gender and audience, nation and ethnicity.
