My dad says that sometimes when there are still over five million animal species waiting to be discovered in the world, and most of them probably live in the rainforest, he wants me to keep my eyes peeled for a highlight in my life. Okay, that'll be the evening the Internet

My dad likes that because he loves the roofline. I think that he might have used the same logic as the Dutch farmer: they built out that line of what we all take for granted comes from the roofline. From hence that they use to make shingles come from there, and animals, too, plus the paper that goes into getting pencils, and within 10 to 15 years of my lifetime.
