Congressional Record United States. Congress,1946 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 *Atlantic Educational Journal* ,1912 *Central Park East and Its Graduates* David Bensman,2015 In 1974 Central Park East Elementary School CPE in East Harlem opened its doors with a mission to provide inner city children with the finest educators and pedagogy available Instead of saying that the old neighborhood had to be torn down and students more rigidly tracked the reformers dared to ask the question What would happen if we gave inner city students the best education the country has to offer The results of this bottom up reform were astounding and to this day Central Park East is known as one

of the most academically enriching schools in the United States David Bensman gives voice to the extraordinary young adults who emerged from poverty as a result of the powerful educational experiences they received at CPE A rich compilation of stories this account establishes the power of public schooling and the value of community With rich data Bensman carefully details for us what it means to be respectful thoughtful democratic and intellectually demanding what it means in short to be a good school This is the story of CPE but for anyone willing to see beyond the particulars it is also a map of possibility a guide to what our schools could be Mike Rose author Possible Lives The Promise of Public Education in America This is that rare thing a long term study of the graduates of a first rate inner city elementary school This is a school in which democracy and the life of the mind are inseparably intertwined Policymakers write that last sentence down one hundred times Joseph Featherstone Michigan State University Was the fame of CPE due to hype or yet another example of wishing trumping realities This conceptually and procedurally honest research effort clearly answers the question in the negative We have very good reason to be grateful to Debbie Meier her CPE colleagues and of course to Dr Bensman for this remarkable follow up study Seymour Sarason Professor Emeritus Yale University
