Marxism and the French Left Tony Judt,2011-05-01 Unlike most books which treat labor Socialist and Communist history separately and view French Marxism as a self contained philosophical phenomenon Marxism and the French Left offers a refreshingly different approach to the subject Judt emphasizes the complex and interwoven themes that unify the topics of his essays to construct a distinctive and original interpretation of French left wing politics over the past 150 years A well informed and persuasive reinterpretation of the old French Left that is now receding beyond recall except for historians Times Literary Supplement

The French Left and the Fifth Republic John Gaffney,1989-02-06 An examination of the ways in which the French Left adapted through a series of transformations to the exigencies of presidentialism and the myths which underpin it The study aims to illustrate the crucial role played by language in the political practice of representative democracy
