the works of Percy F Westerman and Angela Brazil to more recent tales by Michael Morpurgo and Pat Mills Budgen traces developments of understanding and raises important questions about the presentation of history to the young He considers such issues as the motivations of children s authors and whether modern children s books about the past are necessarily more accurate than those written by their forebears Why for example do modern writers tend to ignore the global aspects of the First World War Did detailed narratives of battles written during the war really convey the truth of the conflict Most importantly he considers whether works aimed at children can ever achieve anything more than a partial and skewed response to such complex and tumultuous events

Food for War Alan F. Wilt,2001-09-20 Food for War is a ground breaking study of Britain s food and agricultural preparations in the 1930s as the nation once again made ready for war Historians writing about 1930s Britain have usually focused on the Depression

appeasement or political military and industrial concerns None have dealt adequately with another significant topic food and agriculture as the nation moved albeit reluctantly from peace to war In this new account Alan F Wilt makes right this omission by examining in depth the relationship between food agriculture and the nation s preparations for war He reveals how food and agriculture became closely linked to rearmament as early as 1936 that the government s preparations in this sector as contrasted with other areas of the economy were relatively well developed when war broke out in 1936 and that rural and farm interests well understood the effect that war would have on their way of life He argues that food and agriculture need to be integrated into the more general historical discourse for what happened in Britain in the 1930s not only set the stage for World War II but also contributed to a more robust agriculture in the decades that followed Faith on the Home Front Stephen Parker,2005 Issued also as the author s thesis Ph D University of Birmingham 2003 The Modern Movement Chris Baldick,2004 A major new survey of literature in England during the first half of the twentieth century Chris Baldick places modernist with non modernist writings high art with low entertainment The Modern Movement ranges broadly covering psychological novels war poems detective stories satires children s books and other literary forms evolving in response to the new anxieties and exhilarations of twentieth century life **The Oxford English Literary History: Volume 10: 1910-1940: The Modern Movement** Chris Baldick,2005-11-10 This exciting new volume provides a freshly inclusive account of literature in England in the period before during and after the First World War Chris Baldick places the modernist achievements of Virginia Woolf T S Eliot and James Joyce within the rich context of non modernist writings across all major genres allowing high literary art to be read against the background of low entertainment Looking well beyond the modernist vanguard Baldick highlights the survival and renewal of realist traditions in these decades of post Victorian disillusionment Ranging widely across psychological novels war poems detective stories satires and children s books The Modern Movement provides a unique survey of the literature of this turbulent time The Longman Companion to European Nationalism 1789-1920 Raymond Pearson,2014-09-25 A highly topical analysis of European Nationalism from the French Revolution through to the aftermath of the First World War when the nationalist issues and problems that dominate the political landscape of our own time were already fully established Covering an enormous range of peoples from the Icelanders to the Gypsies from Brittany to Wallachia the book presents a wealth of historical geopolitical information unavailable elsewhere Essential as a reference work it also provides a unique opportunity to survey systematically a crucial but fragmented subject in its full European context For historians political scientists departments of European studies and general readers Modern Britain Third Edition Edward Royle,2012-04-10 Fully revised and updated the third edition of this deservedly popular history book incorporates new currents in historical writing on matters such as the language of class the position of women and the revolution worked by the Internet and mobile technologies **The Eclipse of a Great Power** Keith Robbins,2014-09-19 Covers both the expansion and the decline of the British Empire and the reasons behind this

sudden eclipse in power **The most remarkable woman in England** John Carter Wood, 2017-10-03 This book offers the first in depth study of one of the most gripping trials of inter war Britain that of farmer s wife Beatrice Pace for the arsenic murder of her husband A riveting tale from the golden age of press sensationalism the book offers insights into the era s justice system gender debates and celebrity culture Based on extensive research it locates the Pace saga in the vibrant world of 1920s press reporting and illuminates a forgotten chapter in the history of civil liberties by considering the debates the case raised about police powers and the legal system Spanning settings from the Pace s lonely cottage in the Forest of Dean to the House of Commons and using sources ranging from meticulous detective reports to heartfelt admirers letters The most remarkable woman in England combines serious scholarship with vivid storytelling to bring to life the extraordinary lives of ordinary people between the wars **Soldiering On** Adam Powell, 2019-09-09 A month after the Armistice Prime Minister David Lloyd George promised to make Britain a land fit for heroes At the time it was widely believed Returning soldiers expected decent treatment and recognition for what they had done yet the fine words of 1918 were not matched by actions The following years saw little change as a lack of political will watered down any reform Beggars in trench coats became a common sight in British cities Soldiering On examines how the Lost Generation adjusted to civilian life how they coped with physical and mental disabilities and struggled to find jobs or even communicate with their family This is the story of men who survived the trenches only to be ignored when they came home Using first hand accounts Adam Powell traces the lives of veterans from the first day of peace to the start of the Second World War looking at the many injustices ex servicemen bore while celebrating the heroism they showed in the face of a world too quick to forget
