Looking At Religion Christian:

Eight Ways of Looking at Christianity Granville Hicks, 1926 *An Evolutionist Looks at Religion* Charles Augustus Collin, 1928 **Religions Around the World** Encyclopaedia Britannica, Inc., 2012-04-01 Updated for 2012 and part of the Britannica Learning Library Series in Religions Around the World you will learn about the people traditions and diverse ideas that make up the many religions of the world *Worldview of the Christian Faith* Joseph Charles Beach, 2022-10-27

Worldview of the Christian Faith explores the differing worldviews of our society against the backdrop of what Christians should believe Joseph Charles Beach a devoted believer in our Lord and Savior Jesus Christ answers questions such as Why do morals and values matter Is the Bible still relevant in today's modern world How can Christians stand up for the truth instead of caving in to the whims of society Can Christians defend their faith amid so many assaults on God and the Bible The author also explores whether science and the Bible can coexist and argues that skeptics of the Word should give Christianity another look It may surprise you how accurate the Bible is despite what you may have heard Only the Christian faith can offer hope truth and value to you as an individual Whether you have lost your faith want to ignite it or are confused about what to believe you'll find valuable guidance in this book Sermons on the Chief Doctrines and Duties of the Christian Religion, in Their Natural Order William Dalglish, 1799 How You Can Run The Christian Race Successfully Looking Unto Jesus Emmanuel Allotey, 2024-05-28 A Christian book about Christian discipleship that will inspire you to make Jesus your standard for life Vodou and Christianity in Interreligious Dialogue Celucien L. Joseph, Charlene Desir, Lewis A. Clormeus, 2023-10-30 Vodou and Christianity in Interreligious Dialogue addresses both historical factors and ideological issues that created antagonism and conflict between Christians and Vodouists in Haiti The book offers practical solutions and strategies to help create a harmonious and peaceful environment between religious practitioners associated with Vodou and Christianity Toward this goal this volume considers various perspectives and theories such as autobiography anthropology ethnographic fieldwork religious experience and gender to examine the subject matter This volume offers practical examples and resources on how to engage in interreligious dialogue and promote interreligious education in Haiti There are three philosophical and practical ideas underlying this book project 1 it is grounded on the belief that religion has value and it could bring social goods to different communities and enhance human dignity and justice 2 it is premised on the idea that dialogue and cooperation are necessary for nation building and human development as democratic ideals and that one of the leading functions of the world's religious traditions is to promote both cooperation and dialogue through mutual understanding and for the common good and 3 that the power and public role of religion in society can be used as a major force of unification and peace building among divergent factions and schools of thought and to promote reconciliation mutual respect and friendship in the world *Religion and Life with Christianity* Ina Taylor, 2005 At the right depth for Religion and Life options Religion and Life with Christianity provides everything you need for Unit B of the Edexcel specification without

Searching the Soul of the College and University in America Stephen J. Nelson,2023-10-30 This is a story of religious and democratic covenants and controversies in the foundations of the American nation and in the soul of its colleges and universities Its powers are religion and politics in America the creeds and convictions constituting the beliefs and theologies of citizens and religious people Critically overlapping and entangled democratic beliefs and convictions distinctly define the American body politic and are in the foundation of the nation and its colleges and universities In that story an unmistakable feature and idea is that the religion of the Republic in America is intertwined with and parallel to a symbiotic religion of the academy in its colleges and universities The nation and its colleges share the same space history and religious and democratic heralds and heroes Democratic and political theories and philosophies and competing and cooperating religious faiths and impulses have been reflected both the Republic and in battles waged about the essential

nature of the American nation and its colleges and universities These traits constitute how America its public and its citizens in and outside the gates of the academy have wrestled with the aspirations and ideals that define civic duty the commons and the common good *The Habits of Race and Faith in a Religiously Diverse World* Mara Brecht,2024-07-08 Religious diversity cultural pluralism and interreligious encounter are widely viewed in modern life as socially and for many people of faith spiritually enriching One of the most significant but frequently overlooked benefits of interreligious encounter is that it empowers us to see ourselves and particularly our racialized identities in new and revealing ways In *The Habits of Race and Faith in a Religiously Diverse World* Mara Brecht places whiteness under particular scrutiny its tangled and entwined relationship with religious identity as well as strategic associations with dominance and privilege The analysis of whiteness gives way to fresh perspectives on Christian ideas about salvation both in connection to religious faith and racial embodiment

The Christian Library Jonathan Going,1836 *Searching For God And Finding Allah* Gene Netto,2019-11-19 What does Islam say about Christianity Jesus the Trinity the Holy Bible and Almighty God What does Islam say about the Absolute Truth of Islam the Prophet Muhammad and the Holy Qur an also spelled Koran If there is only One Almighty God then Christians and Muslims must be praying to the same God So what are the differences between the two religions and why do Muslims reject Christianity the Bible and Jesus as the Son of God but still accept Jesus as a prophet of God For non devout and ex Christians this book will explain the problems with Christianity from an Islamic perspective It will also explain that the Prophet Muhammad was sent to replace Jesus as the next person in a succession of prophets that started with the Prophet Adam and finished with the Prophet Muhammad For Muslims who grew up without a strong religious education this book will explain that all religions are not the same that Christianity is no longer valid or accepted by God and that we should use the logical brains that God gave us to understand Islam In this book you will discover that Islam is simply the continuation of Judaism and Christianity that Islam is the One True Religion of Almighty God and always has been since the time of Adam and Eve and that the Prophet Muhammad is the next messenger and also the Final Messenger from God that Jesus promised to his followers Gene Netto *Aesthetics as a Religious Factor in Eastern and Western Christianity* William Peter van den Bercken,Jonathan Sutton,2005 This volume contains selected papers of a conference in 2004 at Utrecht University on aesthetics as a religious factor in Eastern and Western Christianity They discuss the role of aesthetics in the presentation and expression of Christian faith in Catholic and Orthodox tradition During its history Christianity has produced many works of art church architecture iconography painting music and literary texts And in Orthodoxy beauty has always been the main form of religious expression more than verbal presentation of Christian teaching which is embedded in the aesthetic context of liturgy In Christian theology beauty has often been seen as a form of divine revelation related to the mystery of incarnation The relation between aesthetics and religious belief has acquired new relevance in our secularised world Today the visible products of Catholic and Orthodox aesthetics are for many people the main means through which they come into contact with

Christianity and many people without affinity to religion are attracted by the beauty of Christian art inside and outside the church In modern religious studies the experience of beauty is recognised as a factor in explaining religious feelings The papers are divided in four sections 1 Comparative aspects of Orthodox and Catholic aesthetics 2 Religious aesthetics in Russian literary culture 3 Applied aesthetics in church art 4 Art theoretical ideological and religious philosophical aspects
