Lord and Peasant in Russia Jerome Blum, 1971-04-21 Study of the relationship between lord and peasant from the 9th to the 19th centuries told against a background of Russian political and economic evolution Lord and Peasant in Russia Jerome Blum, 1972 Lord and Peasant in Russia, 1961 Lord and Peasant in Russia Jerome Blum, 1961 Lord and peasant in Russia Jerome Blum, 1971 **Lord and Peasant in Russia** Jerome Blum, 1963 *Lord and Peasant in Russia* Jerome Blum, 1977 **Lord and Peasant in Russia from the 9. to the 19.century**, 1961 **Lord and Peasant in Russia 1963 Rpt J. BLUM**, 1961 **Readings in Russian Civilization Volume II** Thomas Riha, 2009-02-15 This new and enlarged version of Readings in Russian Civilization is the result of fairly extensive revisions There are now 72 instead of 64 items 20 of the selections are new The first volume has undergone the least change with 3 new items of which 2 appear in English for the first time In the second volume there are 6 new items all of them appear in English for the first time The third volume has undergone the greatest revision with 11 new items of which 6 are newly translated from the Russian It is the editor's hope that items left out in the new edition will not be sorely missed and that the new selections will turn out to be useful and illuminating The aim throughout has been to cover areas of knowledge and periods which had been neglected in the first edition and to include topics which are important in the study of the Russian past and present The bibliographical headnotes have been enlarged with the result that there are now approximately twice as many entries as in the old edition New citations include not only works which have appeared since 1963 but also older books and articles which have come to the editor's attention From the Editor's Preface a judicious combination of seminal works and more recent commentaries that achieves the editor's purpose of stimulating curiosity and developing a point of view C Bickford O'Brien The Russian Review These three volumes cover quite well the main periods of Russian civilization The choice of the articles and other material is made by a competent and unbiased scholar Ivan A Lopatin Professor of Asian and Slavic Studies University of Southern California *The Russian Peasantry 1600-1930* David Moon, 2014-07-16 This impressive work set to become the standard history on the subject offers a definitive survey of peasant society in Russia from the consolidation of serfdom and tsarist autocracy in the 17th century through to the destruction of the peasant's traditional world under Stalin Over three quarters of Russian society were peasants in these years and David Moon explores all aspects of their life xxx including the rural economy peasant households village communities xxx and their political role including protest against the landowning elites In the process he presents a fresh perspective on the history of Russia itself A big book in every way xxx and compellingly readable Russia in the Early Modern World Donald Ostrowski, 2022-01-25 A fundamental problem in studying early modern Russian history is determining Russia's historical development in relationship to the rest of the world The focus throughout this book is on the continuity of Russian policies during the early modern period 1450 1800 and that those policies coincided with those of other successful contemporary Eurasian polities The continuities occurred in the midst of

constant change but neither one nor the other continuities or changes alone can account for Russia's success. Instead Russian rulers from Ivan III to Catherine II with their hub advisors managed to sustain a balance between the two. During the early modern period these Russian rulers invited into the country foreign experts to facilitate the transfer of technology and know how mostly from Europe but also from Asia. In this respect they were willing to look abroad for solutions to domestic problems. Russia looked westward for military weaponry and techniques at the same time it was expanding eastward into the Eurasian heartland. The ruling elite and by extension the entire ruling class worked in cooperation with the ruler to implement policies. The Church played an active role in supporting the government and in seeking to eliminate opposition to the government.

States and Social Revolutions Theda Skocpol, 1979-02-28 Theda Skocpol shows how all three combine to explain the origins and accomplishments of social revolutionary transformations.
