[How to Make More Money with Your Lawn Care Or Landscaping Business](#) Steve Low, 2011. Learn how to make more money with your lawn care or landscaping business. Making money with your lawn care or landscaping business can be a challenge even in the best of times, but it gets even tougher when you are up against heavy competition. This book will help teach you what successful lawn care landscaping business owners are doing to not only survive but to make more money than their competitors. It covers how to make more money on bidding, how to read your customer's body language to know when you are charging too much or not enough, learn the steps you should be taking to win more bids and things you should never do when trying to win a lawn care bid. You will also learn how to deal with picky customers, those that live out of state, those that like to cancel service without giving you enough warning, and help you figure out how much your customers are actually worth. Learn how to make more money with your lawn care crew by knowing the ideal crew size from others who have experimented with many different setups. Learn the best way to purchase equipment, which equipment to purchase, and how to use it in order to make your business more profitable. Read how other lawn care landscaping business owners defend themselves against the secret ways competitors try to keep you from growing. Pick up new sales techniques your competitors would never share with you and learn new lawn care marketing tips to grow and improve the profitability of your customer base. And lastly, learn what to watch out for when it comes to bad contracts, avoiding problems with the IRS, and how your credit rating can hold you back from growth. See where others have tripped up so you can avoid the pitfalls that lay ahead and find out what really works and what doesn't. the 200k to 300k gross revenue barrier If you would like to but are not already making 100k per year as the owner of your lawn care company you will benefit from reading this book Why Ryan wrote the book In 2016 Ryan narrowed his lawn care companies service offering down to lawn mowing and lawn treatments only Prior to that his company was a full service lawn and landscape service provider offering all of the typical services including mulching pruning cleanups leaf removals hardscapes landscape design and installation and snow removal He made the change in his business model to increase profit margins and reduce the amount of time required of him as the owner of the business Naturally he needed to find referral partners for his lawn care customers because they still had other lawn and landscape needs his company no longer performed He contacted several other lawn and landscape business owners in his area and told them he wanted to send them referrals for the work his company no longer performed and only asked they don t steal his customers for the services they were still providing After shooting off the first several referrals Ryan quickly realized that a lot of these companies needed help and until they improved their business operations referring his clients to them was only making him look bad He has since stopped referring work with the exception of a couple companies that proved they would provide his customers quality work at fair prices and actually be reliable Ryan says I think most lawn care business owners started their business just like I did they enjoyed the work and were good at it so they said why not work for myself In the beginning it usually goes pretty smooth but as they add more and more customers and eventually need to hire employees they get in over their heads I did the same thing but quickly educated myself on how to run an actual business and not just be self employed He organized all of his knowledge into Cracking the Code to Profit in hopes it will save new business owners years of frustration Ryan read a similar book before he started his business that his father had bought for him online It was actually just a word document that someone had written on starting a lawn care business and his dad printed it off for him It cost his father 79 95 for that Ryan still has that book and even though it was overpriced terrible quality and a lot of the information was not good he still credits that book towards helping him get his business off the ground What you can expect from Cracking the Code to Profit How to Start a Lawn Care Business The book flows in chronological order from starting your business to your exit strategy Ryan put every detail he could recall from his own experience You can see the book chapters in the book preview After each chapter action steps are included so you know exactly what you need to do At the end of the book you will find the resource section for continued learning and execution You can expect to have a much better understanding of how to start and grow your lawn care business is a healthy profitable way Ryan s contact info is also included in the book He would love to hear from you after you finish it
