Cambridge Medieval History: Volume 4, C.1024-c.1198, Part 2 Rosamond McKitterick, David Abulafia, C. T. Allmand, 1995 The fourth volume of The New Cambridge Medieval History covers the eleventh and twelfth centuries which comprised perhaps the most dynamic period in the European middle ages This is a history of Europe but the continent is interpreted widely to include the Near East and North Africa The volume is divided into two parts of which this the second deals with the course of events ecclesiastical and secular and major developments in an age marked by the transformation of the position of the papacy in a process fuelled by a radical reformation of the church the decline of the western and eastern empires the rise of western kingdoms and Italian elites and the development of governmental structures the beginnings of the recovery of Spain from the Moors and the establishment of western settlements in the eastern Mediterranean region in the wake of the crusades **Early Islam and the Birth of Capitalism** Benedikt Koehler, 2014-06-17 Early Islam and the Birth of Capitalism proposes a strikingly original thesis that capitalism first emerged in Arabia not in late medieval Italian city states as is commonly assumed Early Islam made a seminal but largely unrecognized contribution to the history of economic thought it is the only religion founded by an entrepreneur Descending from an elite dynasty of religious civil and commercial leaders Muhammad was a successful businessman before founding Islam As such the new religion had much to say on trade consumer protection business ethics and property As Islam rapidly spread across the region so did the economic teachings of early Islam which eventually made their way to Europe Early Islam and the Birth of Capitalism demonstrates how Islamic institutions and business practices were adopted and adapted in Venice and Genoa These financial innovations include the invention of the corporation business management techniques commercial arithmetic and monetary reform There were other Islamic institutions assimilated in Europe charities the waqf inspired trusts and institutions of higher learning the madrasas were models for the oldest colleges of Oxford and Cambridge As such it can be rightfully said that these essential

aspects of capitalist thought all have Islamic roots *les Fatimides et la mer (909-1171)* David Bramoullé, 2019-11-04 The Fatimids 10th 12th centuries C E are known to have been the first Shiite caliphal dynasty and to have founded Cairo the city that became their capital in 973 when they left Tunisia for Egypt During their reign the Fatimids built an effective war fleet that inflicted several defeats on Christian navies This is the first study on the Fatimid naval force and more generally on the role of the sea for the Fatimids whose territories touched both the Mediterranean and the Red Sea The documentation presented in this study demonstrates how in the course of two centuries this Ismaeli dynasty set up a maritime policy and developed a communication strategy in which their control of the sea helped legitimize their universalist claims against competing powers Les Fatimides 10e 12e s ap J C sont connus pour avoir t la premi re dynastie califale chiite et pour avoir fond Le Caire qui devint leur capitale partir de 973 lorsque la dynastie quitta la Tunisie actuelle pour s installer en Egypte et prendre possession d un empire qui s tendait de l Alg rie orientale jusqu la Syrie en passant par la Sicile et certains territoires de la p ninsule arabique Durant leur r gne ils dispos rent d une flotte de guerre efficace qui infligea plusieurs d faites aux marines chr tiennes Au del de la chronologie des batailles navales aucune tude n existait sur le r le de cette force navale et plus g n ralement sur le r le de la mer pour les Fatimides dont les territoires touchaient la fois la M diterran e et la mer Rouge La documentation met pourtant en vidence que sur durant plus de deux si cles les Fatimides mirent en place une politique maritime qui d passait largement les consid rations militaires Ils d velopp rent ainsi une strat gie de communication dans laquelle la mer jouait un r le majeur pour la fois l gitimer les pr tentions universalistes de cette dynastie isma lienne face des pouvoirs concurrents et pour lui permettre de survivre **Egypt and Syria in the Fatimid, Ayyubid and**
