Making Good Law And Moral Regulation In Canada 1867 1939:

Making Good Carolyn Strange, Tina Merrill Loo, 1997-01-01 Examines the official institutions which regulated moral conduct in Canada and analyses the ways in which different social groups had distinct relationships to legal modes of regulation

Regulating Lives John McLaren, Dorothy E. Chunn, Robert J. Menzies, 2002 Nine essays investigate the history of law as an instrument of social control moral regulation and the government focusing primarily on British Columbia Canada where most of the contributors work as scholars in law or criminology Among the areas they tackle are the sex trade the spread of venereal disease the use and abuse of liquor child welfare mental disorder intrafamily sexual abuse Aboriginal culture and traditions and Doukhobor beliefs and customs The studies rely on forays into archival material at the national provincial and local levels Annotation copyrighted by Book News Inc Portland OR

Moral Regulation and Governance in Canada Amanda Glasbeek, 2006 Moral Regulation and Governance in Canada offers an outstanding selection of readings that represents an overview of the key issues in deviance moral regulation and governance in Canada from a distinctly Canadian perspective It effectively tracks the sociology of deviance from governmentality studies to theories of social control Of particular note is the focus this book gives to gender issues It also argues that sometimes what is considered deviant is less related to criminality and more concerned with the perception of normalcy

Canada the Good Marcel Martel, 2014-03-27 To invest in vice can be a sound financial decision but despite the lure of healthy profits individuals and mutual funds have been reluctant to invest in this type of stock After all who would take pride in supporting the tobacco industry knowing it sells a deadly product And what social responsibilities do investors bear with respect to compulsive gamblers who have lost so much money that suicide becomes an attractive option Canada the Good considers more than five hundred years of debates and regulation that have conditioned Canadians attitudes towards certain vices Early European settlers implemented a Christian moral order that regulated sexual behaviour gambling and drinking Later some transgressions were diagnosed as health issues that required treatment Those who refused the label of illness argued that behaviours formerly deemed as vices were within the range of normal human behaviour This historical synthesis demonstrates how moral regulation has changed over time how it has shaped Canadians lives why some debates have almost disappeared and others persist and why some individuals and groups have felt empowered to tackle collective social issues Against the background of the evolution of the state the enlargement of the body politic and mounting forays into court activism the author illustrates the complexity over time of various forms of social regulation and the control of vice

Essays in the History of Canadian Law George Blain Baker, Jim Phillips, 1999-12-15 This volume in the Osgoode Society's distinguished series on the history of Canadian law is a tribute to Professor R C B Risk one of the pioneers of Canadian legal history and for many years regarded as its foremost authority The fifteen original essays are by notable scholars some of whom were students of Professor Risk and represent some of the best and most original work in the area of Canadian legal history They cover a number of important topics that

range from the form of the criminal trial in the eighteenth century to debates over the meaning of property in the nineteenth and to lawyer poet Tom MacInnes's views on the law of aboriginal title in the twentieth century Methodist Church on the Prairies, 1896-1914 George Emery, 2001-05-03 The Methodist Church met the challenge with a centralized polity and a cross class gender variegated evolving religious culture It relied on wealthy laymen to raise special funds while small gifts fed its regular funds Young bachelors from Ontario and Britain filled the pastorate although low pay inexperience and poor supervision caused many to quit Membership growth was slow due to low population density and church resistant elements in the Methodist population bachelors immigrant co religionists and transients and missions to non Anglo Saxon immigrants in Winnipeg Edmonton and rural Alberta spread Methodist values but gained few members In The Methodist Church on the Prairies 1896 1914 the first scholarly study of church history in the prairie region George Emery uses quantitative methods and social interpretation to show that the Methodist Church was a cross class institution with a dynamic evangelical culture not a middle class institution whose culture was undergoing secularization He demonstrates that the Methodist's achievement on the prairies was impressive and compared favourably with what Presbyterians and Anglicans achieved

The Origins of Canadian and American Political Differences Jason Kaufman, 2009-02-16 Why do the United States and Canada have such divergent political cultures when they share one of the closest economic and cultural relationships in the world Kaufman examines the North American political landscape to draw out the essential historical factors that underlie the countries differences Building Sanctuary Jessica Squires, 2013-09-20 Canada enjoys a reputation as a peaceable kingdom and a refuge from militarism Yet Canadians during the Vietnam War era met American war resisters not with open arms but with political obstacles and public resistance and the border remained closed to what were then called draft dodgers and deserters Between 1965 and 1973 a small but active cadre of Canadian antiwar groups and peace activists launched campaigns to open the border Jessica Squires tells their story often in their own words Interviews and government documents reveal that although these groups ultimately met with success in the process shaping Canadian identity and Canada's relationship with the United States they had to overcome state surveillance and resistance from police politicians and bureaucrats Building Sanctuary not only brings to light overlooked links between the anti draft movement and Canadian immigration policy it challenges cherished notions about Canadian identity and Canada in the 1960s *Colonial Justice* David Murray, 2002-12-15 In 1791 when the Constitutional Act created a legislative assembly for Upper Canada the colonists and their British rulers decreed that the operating criminal justice system in the area be adopted from England to avoid any undue influence from the nearby United States In this new study of early Canadian law David Murray has delved into the court records of the Niagara District one of the richest sets of criminal court records surviving from Upper Canada to analyze the criminal justice system in the district during the first half of the nineteenth century Murray explores how far local characteristics affected the operation of a criminal justice system transplanted from England his analysis includes how legal

processes affected Upper Canadian morality the treatment of the insane welfare cases crimes committed in the district and an examination of the roles of the Niagara magistrates constables and juries Murray concludes by arguing that while the principles and culture of British justice were firmly implanted in the Niagara district this did not prevent justice from being unequal especially for women and visible minorities Integrating the stories of the individuals caught up in the legal system Murray explores law from a local perspective and illuminates how the Niagara region s criminal justice system operated under hybrid influences from both Britain and the United States

Christian Churches and Their Peoples, 1840-1965 Nancy Christie, Michael Gauvreau, 2010-12-15 Religious institutions values and identities are fundamental to understanding the lived experiences of Canadians in the nineteenth and early twentieth century Christian Churches and Their Peoples an inter denominational study considers how Christian churches influenced the social and cultural development of Canadian society across regional and linguistic lines By shifting their focus beyond the internal dynamics of institutions Nancy Christie and Michael Gauvreau address broad social issues such as the ways in which religion is linked to changing mores the key role of laypeople in shaping churches and the ways in which First Nations peoples both appropriated and resisted missionary teachings With an important analysis of popular religious ideas and practices Christian Churches and Their Peoples demonstrates that the cultural authority and regulatory practices of religious institutions both affirmed and opposed the personal religious values of Canadians ultimately facilitating their elaboration of personal ethnic gender and national identities

Sit Down and Drink Your Beer Robert A. Campbell, 2001-01-01 Campbell argues that the regulation of the environment of the classic beer parlour rather than being an example of social control is best understood as moral regulation and part of a process of normalization

Race, Nation, and Reform Ideology in Winnipeg, 1880s-1920s Kurt Korneski, 2015-06-09 During the late nineteenth and early twentieth centuries a host of journalists ministers medical doctors businessmen lawyers labor leaders politicians and others called for an assault on poverty slums disreputable boarding houses alcoholism prostitution sweatshop conditions inadequate educational facilities and other social evils Although they represented an array of political positions and advocated a range of strategies to deal with what they deemed problems historians have come to term this impulse urban reform or the urban reform movement

This book considers the history of reform ideology in Canada. It does so by considering four leading reformers living in what might be described as the most Canadian of Canadian cities, Winnipeg, Manitoba. While the book engages in discussions and debates surrounding the particular individuals, its more general argument is that to understand the history of reform in Canada requires viewing reformers as simultaneously experiencing and responding to two basic phenomena: simultaneously, it requires understanding them as confronting the polarizing tendencies of exploitation and, sometimes, grinding poverty that was central to the economic order they often unwittingly helped to impose in northern North America. It also, however, requires seeing them as fundamentally shaped by the process and legacy of the dispossession of Aboriginal peoples and the changing nature of Aboriginal settler relations that were also central to the development of Canada.

Normalizing the Ideal Mona Lee Gleason, 1999-01-01 Postwar insecurity about the stability of family life became a platform to elevate the role of psychologists in society. Their ideal of normal as the healthy goal for society marginalizing and silencing those who did not fit the model.

Arming and Disarming R. Blake Brown, 2012-10-23 From the Cole Park Polytechnique shootings of 1989 to the political controversy surrounding the elimination of the federal long gun registry, the issue of gun control has been a subject of fierce debate in Canada. But in fact, firearm regulation has been a sharply contested issue in the country since Confederation. *Arming and Disarming* offers the first comprehensive history of gun control in Canada from the colonial period to the present. In this sweeping, immersive book, R. Blake Brown outlines efforts to regulate the use of guns by young people, punish the misuse of arms, impose licensing regimes, and create firearm registries. Brown also challenges many popular assumptions about Canadian history, suggesting that gun ownership was far from universal during much of the colonial period and that many nineteenth-century lawyers, including John A. Macdonald, believed in a limited right to bear arms. *Arming and Disarming* provides a careful exploration of how social, economic, cultural, legal, and constitutional concerns shaped gun legislation and its implementation, as well as how these factors defined Canada's historical and contemporary gun culture.

Prairie Metropolis Esyllt W. Jones, Gerald Friesen, 2009-09-15 At the turn of the twentieth century, Winnipeg was the fastest growing city in North America. But its days as a diverse and culturally rich metropolis did not end when the boom collapsed. *Prairie Metropolis* brings together some of the best new graduate research on the history of Winnipeg and makes a groundbreaking contribution to the history of the city between 1900 and the 1980s. The essays in this collection explore the development of social institutions such as the city's police force, juvenile court, health care institutions, volunteer organizations, and cultural centres. They offer critical analyses on ethnic, gender, and class inequality and conflict while placing Winnipeg's experiences in national and international contexts.

Re-Imagining Ukrainian-Canadians Rhonda L. Hinther, Jim Mochoruk, 2011-02-26 Ukrainian immigrants to Canada have often been portrayed in history as sturdy pioneer farmers cultivating the virgin land of the Canadian west. The essays in this collection challenge this stereotype by examining the varied experiences of Ukrainian Canadians in their day-to-day roles as writers, intellectuals, national organizers, working

class wage earners and inhabitants of cities and towns Throughout the contributors remain dedicated to promoting the study of ethnic hyphenated histories as major currents in mainstream Canadian history Topics explored include Ukrainian Canadian radicalism the consequences of the Cold War for Ukrainians both at home and abroad the creation and maintenance of ethnic memories and community discord embodied by pro Nazis Communists and criminals Re Imagining Ukrainian Canadians uses new sources and non traditional methods of analysis to answer unstudied and often controversial questions within the field Collectively the essays challenge the older essentialist definition of what it means to be Ukrainian Canadian
