

Roman Rosdolsky

THE MAKING OF MARX'S 'CAPITAL'

Translated by Pete Burgess

Pluto  Press

Making Of Marxs Capital

Albert A Gayle

Making Of Marx's Capital:

The Making of Marx's Capital, Volume 1 Roman Rosdolsky, 1989 Roman Rosdolsky investigates the relationship between various versions of Capital and explains the reasons for Marx's successive reworking **The Making of Marx's Capital, Volume 2** Roman Rosdolsky, 1977 Rosdolsky's Making of Marx's Capital is a major work of interpretation and criticism written over fifteen years by one of the foremost representatives of the European Marxist tradition Rosdolsky investigates the relationship between various versions of Capital and explains the reasons for Marx's successive reworkings he provides a textual exegesis of Marx's Grundrisse now widely available and reveals its methodological riches He presents a critique of later work in the Marxist tradition on the basis of Marx's fundamental distinction between capital in general and capital in concrete reality The Making of Marx's Capital was first published in 1968 as Zur Entstehungsgeschichte des Marx'schen Kapital **The Making of Marx's Capital** Roman Rosdolsky, 1971 **The Making of Marx's 'Capital'** Roman Rosdolsky, 1977 C.L.R. James's Notes on Dialectics John H. McClendon, 2005-01-01 John H McClendon III's CLR James's Notes on Dialectics Left Hegelianism or Marxism Leninism is the first ever book devoted exclusively to James's magnum opus Notes on Dialectics Hegel Marx Lenin The seed for this study was planted over thirty years ago when James handed the author his personal copy of Notes James's contribution to dialectical philosophy and his vast intellectual and scholarly output is rivalled only by the seemingly bottomless depths of McClendon's own analysis and erudition McClendon provides a thorough going critique of James's exploration into the dialectic of Hegel Marx and Lenin while challenging all the seminal texts on James's Notes A book of this magnitude is rare This is ever more the truth when it is focused on a giant like James who stands at the nexus of so many disciplines philosophy history sociology Caribbean studies cultural studies African and African American studies CLR James's Notes on Dialectics Left Hegelianism or Marxism Leninism is a must read for anyone concerned with how revolutionary theory is a guide to contemporary struggles **Understanding Marx's Capital: A reader's guide** Adam Booth, Rob Sewell, 2019-07-11 Marx's Capital was a book that revolutionised political economy and for the first time opened our eyes to the real workings of capitalism It was however met with a wall of silence from the mainstream economists and the establishment Despite this Capital became regarded in the workers movement as the Bible of the working class The aim of this book written by authors from the International Marxist Tendency is to help guide readers through the pages of volume one of Capital to bring out the main themes and ideas contained within it and to discuss the relevance of this great Marxist classic in terms of understanding the crisis ridden world around us today and most importantly how we can radically transform it **The Making of Marx's 'Capital'** Roman Rosdolsky, 1989 **An Introduction to Marx's 'Capital'** Ranganayakamma, Karl Marx's Capital is a work that discusses scientifically not only economic and political issues but also the entire process of development of human society Capital consists of 4 volumes The title of the first volume is Process of Production of Capital This contains 8 parts and a total of 21 chapters The title of the

second volume is Process of Circulation of Capital This contains 3 parts The total number of chapters is 21 The title of the third volume is Process of capitalist production as a whole This contains 7 parts The total number of chapters is 52 The fourth volume is in the form of three separate volumes each one of which is called a part The common title of all the three parts is Theories of Surplus Value All the three parts contain a total of 24 chapters Each one of these 3 parts has an Addendum All these as a whole constitute Capital This book is an introduction to Marx's Capital **The Logic of Marx's Capital** Tony Smith, 1990-01-01 Beginning with value and commodity at the start of Volume I in Marx's major work and progressing step by step to the end of Volume III Smith establishes in detail that Capital is a systematic theory of socio-economic categories ordered according to dialectical logic At each stage in his analysis of the theory Smith makes Marx's arguments more accessible He also considers in depth the objections to Marx's employment of dialectical logic that have been formulated by Hegelians especially those presented in Klaus Hartmann's *Die Marxsche Theorie* Smith presents a persuasive case against this whole range of Marx criticisms many of which have also been proposed from non-Hegelian standpoints *Exploring Marx's Capital* Jacques Bidet, 2007 Offers a fresh interpretation of Marx's great work This book shows how the novelty and lasting interest of Marx's theory arises from the fact that as against the project of a pure economics it is formulated in concepts that have simultaneously an economic and a political aspect neither of these being separable from the other **A Guide to Marx's 'Capital'** Anthony Brewer, 1984-03 The Guide aims to contribute to a better understanding of Marx's masterpiece Capital *Reclaiming Marx's Capital* Andrew Kliman, 2007-01-01 This book reclaims Marx's Capital from the myth of inconsistency An accessible account written for non-specialist readers it shows that the inconsistencies are actually caused by misinterpretation the recent temporal single system interpretation eliminates all of the alleged inconsistencies [A Companion To Marx's Capital](#) David Harvey, 2018-11-06 In recent years we have witnessed a surge of interest in Marx's work in the effort to understand the origins of our current predicament For nearly forty years David Harvey has written and lectured on Capital becoming one of the world's most foremost Marx scholars Based on his recent lectures this current volume finally bringing together his guides to Volumes I II and much of III of *Das Kapital* aims to bring this depth of learning to a broader audience guiding first-time readers through a fascinating and deeply rewarding text A Companion to Marx's Capital offers fresh original and sometimes critical interpretations of a book that changed the course of history and as Harvey intimates may do so again David Harvey's video lecture course can be found here davidharvey.org reading capital [Essays on Marx's Capital](#) Geert Reuten, 2024-05-13 In this book Geert Reuten presents 21 of his previously published essays on the three volumes Marx's Capital dating from 1991-2019 The essays largely take the form of a summary of Marx's text a Volume or its Parts or Chapters followed by an appreciation and when required a reconstruction The book thus offers an overview of each of the three volumes of Capital including their interconnection as well as a focus on specific Parts of Capital Throughout the general overviews and more focused analyses Reuten emphasises Marx's systematic

dialectical method and his monetary value form analysis **How to Read Marx's Capital** Michael Heinrich, 2021-08-23 An accessible companion to Karl Marx's essential *Capital*. With the recent revival of Karl Marx's theory, a general interest in reading *Capital* has also increased. But *Capital*, Marx's foundational nineteenth-century work on political economy, is by no means considered an easily understood text. Central concepts such as abstract labor, the value form, or the fetishism of commodities can seem opaque to us as first-time readers, and the prospect of comprehending Marx's thought can be truly daunting. Until that is, we pick up Michael Heinrich's *How to Read Marx's Capital*. Paragraph by paragraph, Heinrich provides extensive commentary and lucid explanations of questions and quandaries that arise when encountering Marx's original text. Suddenly, such seemingly gnarly chapters as *The Labor Process* and *The Valorization Process*, and *Money* or *The Circulation of Capital*, become refreshingly clear as Heinrich explains just what we need to keep in mind when reading such a complex text. Deploying multiple appendices referring to other pertinent writings by Marx, Heinrich reveals what is relevant about *Capital* and why we need to engage with it today. *How to Read Marx's Capital* provides an illuminating and indispensable guide to sorting through the cultural detritus of a world whose political and economic systems are simultaneously imploding and exploding.

[A Guide to Marx's 'Capital' Vols I-III](#) Kenneth Smith, 2012-11-15 This book provides a comprehensive guide to all three volumes of Karl Marx's *Capital* with advice on further reading and points for further discussion. Recognizing the contemporary relevance of *Capital* in the midst of the current financial crisis, Kenneth Smith has produced an essential guide to Marx's ideas, particularly on the subject of the circulation of money capital. This guide uniquely presents the three volumes of *Capital* in a different order of reading to that in which they were published, placing them instead in the order that Marx himself sometimes recommended as a more user-friendly way of reading. Dr. Smith also argues that for most of the twentieth century, the full development of the capitalist mode of production (CMP) has been undermined by the existence of a non-capitalist third world, which has caused the CMP to take on the form of what Marx called a highly developed mercantile system rather than one characterized by an uninterrupted circuit of industrial capital of the kind he expected would develop. While the guide can be read as a book in its own right, it also contains detailed references to Volumes I-III so that students, seminars, and discussion groups can easily make connections between Smith's explanations and the relevant parts of *Capital*.

A Guide to Marx's 'Capital' Vols I-III, 2012-11-15 **Accounting for History in Marx's Capital** Robert Bryer, 2019-06-25 *Accounting for History* uses the accounting interpretation of Marx's theories of history and value to explain and defend his prediction of the inevitability of socialism as the end of history. In addition to the technological and institutional development of advanced capitalism, Bryer argues that the key necessary conditions are that workers see through capitalist ideology, understanding that Marx's theory of value explains why the phenomenal forms appearing in capitalist accounts are distortions of the underlying social reality, and that demystified accounting is integral to his concept of socialism. On Day One. To get to Day One, the book concludes, Marx left Marxists the tasks of critical accounting. **Karl**

Marx's 'Capital': A Guide to Volumes III Kenneth Smith, 2021-03-31 This guide uniquely presents the three volumes of Capital in a different order of reading to that in which they were published placing them instead in the order that Marx himself sometimes recommended as a more user friendly way of reading Dr Smith also argues that for most of the twentieth century the full development of the capitalist mode of production CMP has been undermined by the existence of a non capitalist third world which has caused the CMP to take on the form of what Marx called a highly developed mercantile system rather than one characterized by an uninterrupted circuit of industrial capital of the kind he expected would develop

Marx's Capital, Capitalism and Limits to the State Raju J Das, 2022-06-01 Marx's Capital Capitalism and Limits to the State examines the capitalist state in the abstract and as it exists in advanced capitalism and peripheral capitalism illustrating the ideas with evidence from the North and the South The volume unpacks the capitalist state's functions in relation to commodity relations private property and the crisis ridden production of surplus value as a part of the capital circuit M C M It also examines state's political and geographical forms It argues that no matter how autonomous it is the state cannot meet the pressing needs of the masses significantly and sustainably This is not because of so called capitalist constraints but because the state is inherently capitalist Each chapter begins with Capital volume 1 And each chapter ends with theoretical practical implications of the ideas which taken together counter existing state theory's focus on state autonomy and reforms and point to the necessity for the masses to establish a new transitional democratic state But the book goes beyond Marx too as it deploys the combined Marxism of 19th and 20th centuries Marx's Capital Capitalism and Limits to the State will interest scholars researching state society economy relations It is suitable for university students as well as established scholars in sociology political science heterodox economics human geography and international development

This book delves into Making Of Marxs Capital. Making Of Marxs Capital is an essential topic that needs to be grasped by everyone, from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Making Of Marxs Capital, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:

- Chapter 1: Introduction to Making Of Marxs Capital
- Chapter 2: Essential Elements of Making Of Marxs Capital
- Chapter 3: Making Of Marxs Capital in Everyday Life
- Chapter 4: Making Of Marxs Capital in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, the author will provide an overview of Making Of Marxs Capital. This chapter will explore what Making Of Marxs Capital is, why Making Of Marxs Capital is vital, and how to effectively learn about Making Of Marxs Capital.
3. In chapter 2, this book will delve into the foundational concepts of Making Of Marxs Capital. The second chapter will elucidate the essential principles that need to be understood to grasp Making Of Marxs Capital in its entirety.
4. In chapter 3, the author will examine the practical applications of Making Of Marxs Capital in daily life. This chapter will showcase real-world examples of how Making Of Marxs Capital can be effectively utilized in everyday scenarios.
5. In chapter 4, this book will scrutinize the relevance of Making Of Marxs Capital in specific contexts. The fourth chapter will explore how Making Of Marxs Capital is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, the author will draw a conclusion about Making Of Marxs Capital. This chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Making Of Marxs Capital.

Making Of Marxs Capital Introduction

In the digital age, access to information has become easier than ever before. The ability to download Making Of Marxs Capital has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Making Of Marxs Capital has opened up a world of possibilities. Downloading Making Of Marxs Capital provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Making Of Marxs Capital has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access

information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Making Of Marxs Capital. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Making Of Marxs Capital. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Making Of Marxs Capital, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Making Of Marxs Capital has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Making Of Marxs Capital Books

1. Where can I buy Making Of Marxs Capital books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
