Making A Marriage A Personal Of Love Marriage And Family:

Conjugal Spirituality Mary Anne McPherson Oliver,1994 Mary Anne Oliver develops an alternate to celibate religious practices drawing from the experience of couples and diverse sources in the Christian tradition This work explores the dynamics of conjugal love **Making a Marriage** Kevin Ryan,Marilyn Ryan,1982-01-01 Speaking candidly in two individual voices a married couple of seventeen years shares their experiences and discusses their views on love sex money children daily routines conflict families friends and religion **The Colleges and Sex Education ...** American Social Hygiene Association,1928 **Love, Marriage and Intimacy among Gujarati Indians** Katherine Twamley,2014-02-11 This book compares understandings and experiences of love and intimacy of one distinct cultural group Gujarati Indians born and brought up in two different countries In a rapidly globalizing world this comparative ethnographic study explores how the context in which we are brought up shapes our most intimate attachments and family lives **God, Love, Sex, and Family** Michael Gold,1998 To learn more about Rowman Littlefield titles please visit us at www.rowmanlittlefield.com *New Family Values* Karen Struening,2002-06-25 How many different kinds of families are there New Family Values provides a critical analysis of scholars and authors who argue that law and policy should be used to foster one model of the family the intact two parent heterosexual family Karen Struening argues that this position does not adequately address the problem it supposedly solves family dissolution and unnecessarily constrains personal liberty Healthy families may be necessary for civic unity and individual stability but there can be many different kinds of families **Understanding Marriage, Family, and Intimate Relationships** Jerry D. Lehman,2005 This introductory textbook is for students who are interested in learning about and establishing healthy marriage family and intimate relationships With divorce rates high and relationships fragile books and courses are needed that help students address important issues regarding relationships The readers of this text examine many important and relevant issues through the lens of theory and research and do so using a written format that is readable understandable and easy to apply to one s life It was written so that each chapter has information that readers will find helpful as they attempt to establish and maintain meaningful healthy relationships There are questions throughout each chapter that help readers focus not only on the material but also on how the material relates to their present and past relationship and family situations The text provides material on the research of John Gottman the object relations theory of Harville Hendrix the solution focused approach of Michele Weiner Davis and the PREP approach to conflict management of Markman Stanley and Blumberg These and other topics discussed are very relevant to students concerns and are addressed in greater depth than found in most other texts The emphasis is not just on couple relationships but also on family relationships Therefore in this book there is extensive coverage of family systems theory and the influence of family rules and family structure on the development of families There is also material on how change produces transitions in family life that must be assimilated into the family structure for example when a couple has their first child Thus both couple and family

issues are addressed throughout the book For instructors who want to focus their courses on marriage family and intimate relationships this book would be an ideal choice A study guide for students and instructional material for instructors can be obtained by visiting www.understandingrelationships.net **Breaking the Ties That Bound** Barbara Alpern Engel,2011-03-15 Russia s Great Reforms of 1861 were sweeping social and legal changes that aimed to modernize the country In the following decades rapid industrialization and urbanization profoundly transformed Russia s social economic and cultural landscape Barbara Alpern Engel explores the personal cultural and political consequences of these dramatic changes focusing on their impact on intimate life and expectations and the resulting challenges to the traditional patriarchal family order the cornerstone of Russia s authoritarian political and religious regime The widely perceived marriage crisis had far reaching legal institutional and political ramifications In **Breaking the Ties That Bound** Engel draws on exceptionally rich archival documentation in particular on petitions for marital separation and the materials generated by the ensuing investigations to explore changing notions of marital relations domesticity childrearing and intimate life among ordinary men and women in imperial Russia Engel illustrates with unparalleled vividness the human consequences of the marriage crisis Her research reveals in myriad ways that the new and more individualistic values of the capitalist marketplace and commercial culture challenged traditional definitions of gender roles and encouraged the self creation of new social identities Engel captures the intimate experiences of women and men of the lower and middling classes in their own words documenting instances not only of physical mental and emotional abuse but also of resistance and independence These changes challenged Russia s rigid political order forcing a range of state agents up to and including those who spoke directly in the name of the tsar to rethink traditional understandings of gender norms and family law This remarkable social history is thus also a contribution to our understanding of the deepening political crisis of autocracy **Love & Infatuation** Rishikesh Jaiswal,2025-04-10

Love one of the most profound and complex emotions known to humanity It has inspired poetry shaped history and influenced every corner of our lives But with love comes its close counterpart infatuation The two often feel identical making it difficult to distinguish between a deep lasting connection and a fleeting surge of passion This book is an exploration of love in its many forms It delves into the psychology emotions and experiences that define our relationships helping you navigate the fine line between genuine love and infatuation Whether you re in the early stages of attraction in a committed relationship or reflecting on past experiences Love it s a journey of growth connection and self discovery Let s begin

Transitioning to Adulthood in Asia: School, Work, and Family Life Wei-Jun Jean Yeung,Cheryll Alipio,Frank F. Furstenberg, Jr.,2013-03-07 In the past decade or so scholars in the United States have identified the emergence of a new distinct stage of life as adolescence has become protracted and most young people of recent generations take longer to achieve economic and psychological autonomy than they did a half century ago This new life stage in between adolescence and adulthood when young people are in a semiautonomous state has come to be known as early adulthood Main

characteristics of this new life stage include a later entry into the work force a longer period of time living in the natal home and a delayed age at marriage and childbearing These trends not only have profound implications for young adults well being and intergenerational relationships but also challenge social institutions such as family schools labor markets and many youth serving institutions **Journal of Health, Physical Education, Recreation**, 1959 Popular Science Arthur Mee, 1912 *Mine Mind* Ivory, 2011-05 **Hearings, Reports and Prints of the Senate Committee on Government Operations** United States. A. Houston, 2014-05 Looks at regionally distinctive practices of wedding traditions in Britain from the sixteenth to the nineteenth centuries in order to understand social networks community attitudes and local and regional identities **The Handbook of Life-Span Development, Volume 2**, 2010-08-09 In the past fifty years scholars of human development have been moving from studying change in humans within sharply defined periods to seeing many more of these phenomenon as more profitably studied over time and in relation to other processes The Handbook of Life Span Development Volume 2 Social and Emotional Development presents the study of human development conducted by the best scholars in the 21st century Social workers counselors and public health workers will receive coverage of the social and emotional aspects of human change across the lifespan Modern Catholic Family Teaching Jacob M. Kohlhaas, Mary M. Doyle Roche, 2024-06-03 A first of its kind critical engagement with the collected documents of Catholic Family Teaching Catholic Family Teaching CFT has developed in parallel with Catholic Social Teaching CST yet has not similarly been critically explored as a documentary tradition Modern Catholic Family Teaching redresses this imbalance through a collection of outstanding commentaries and interpretations of the primary texts and key developments of CFT Modern Catholic Family Teaching features academic commentary on magisterial texts that constitute primary sources of contemporary Catholic teaching on the family Each chapter engages a moment in this tradition to invite critical academic engagement with CFT a topic that increasingly bears weight across diverse areas of theological and ethical consideration This edited volume offers a clear understanding of the tradition s growth and development over 130 years equipping scholars and students of theology to engage the pressing questions of our time
