Living Life As If Thinking Matters R. L. Wysong, 2000-09 Living Life as if Thinking Matters Why dissent is crucial to health happiness hope and a better world This is a book about living life better and solving its dilemmas by putting thinking ahead of popular beliefs We are all born on the starting line of life with blank mental slates Then each of us has our mind filled in by parents schools peers and experts The result is a society stuffed with given beliefs none of which we own and as you will learn in this book most of which are wrong Although important questions are often debated there seems to be no satisfying solutions Instead shortsighted agendas prevail money dictates decisions and ethics seems a thing of the past We all sense this misdirection and can feel helpless as the world spirals out of control Since ultimately everything in life happens because

of the way we think solutions depend upon thinking too That does not mean playing the victim and relying on others but reaching within to see the sense goodness and direction that lie there Dr Wysong helps readers tap into their unlimited resources and take control All of lifes important topics are discussed in this encyclopedic wise and helpful book including how to achieve optimal health think correctly about politics family love sex the environment economics government and social issues and how to self improve and cultivate conscience If you would like to understand life better be healthier happier have meaning contribute to a better world and avoid some bumps and bruises along the way this is your guidebook
