Szabo, 1994 Ledger art is the term used to describe Plains Indian drawings and paintings on paper from the second half of the nineteenth century because they were often made on ledger paper readily available from military outposts Howling Wolf is arguably the single most important ledger artist to emerge from the anonymity of this period The Southern Cheyenne warrior was not only an extremely skilled artist he was also the only Plains artist known to have created ledger art in all three phases of the art form the pre reservation era the years from 1875 to 1878 when Indians of the southern Plains were confined at Fort Marion in Florida and the reservation period Howling Wolf s drawings while he was a prisoner at Fort Marion and those he made upon returning to the reservation were known but this book presents the first in depth examination of his previously undiscovered work from before his incarceration The author shows ledger art to be a significant record of cultural attitudes of Plains Indian artists at a time when their societies were in great upheaval She examines the works of art not only as historic documents but as visual statement reflecting the time place and society in which they originated In contrast to the belief that ledger art was a stagnant form adhering to tradition the author presents ledger art as a dynamic and inventive means of expression Book jacket *Ledger Narratives* Michael Paul Jordan, 2017-09-05 The largest known collection of ledger art ever acquired by one individual is Mark Lansburgh s diverse assemblage of more than 140 drawings now held by the Hood Museum of Art at Dartmouth College and catalogued in this important book The Cheyennes Crows Kiowas Lakotas and other Plains peoples created the genre known as ledger art in the

mid nineteenth century Before that time these Indians had chronicled the heroic achievements of their warriors and chiefs on rock buffalo robes and tipi covers As they came into increasing contact with American traders the artists recorded their experiences in pencil and crayon drawings on paper bound in ledger or account books The drawings became known as ledger art This volume presents in full color the Lansburgh collection in its entirety The drawings are narratives depicting Plains lifeways through Plains eyes They include landscapes and scenes of battle hunting courting ceremony incarceration and travel by foot horse train and boat Ledger art also served to prompt memories of horse raids and heroic exploits in battle In addition to showcasing the Lansburgh collection Ledger Narratives augments the growing literature on this art form by providing seven new essays that suggest some of the many stories the drawings contain and that look at them from innovative perspectives The authors scholars of art history anthropology history and Native American studies touch on such themes as gender social status sovereignty tribal and intertribal politics economic exchange and confinement and space in a changing world The Lansburgh collection includes some of the most arresting examples of Plains Indian art and the essays in this volume help us see and hear the multiple narratives these drawings relate
