Select British Poets, Or, New Elegant Extracts from Chaucer to the Present Time William Hazlitt, 1824 *Select Poets of Great Britain* William Hazlitt, 1825 Entangled Subjects Michèle Grossman, 2013 Indigenous Australian cultures were long known to the world mainly from the writing of anthropologists ethnographers historians missionaries and others Indigenous Australians themselves have worked across a range of genres to challenge and reconfigure this textual legacy so that they are now strongly represented through their own life narratives of identity history politics and culture Even as Indigenous authored texts have opened up new horizons of engagement with Aboriginal knowledge and representation however the textual politics of some of these narratives particularly when cross culturally produced or edited can remain haunted by colonially grounded assumptions about orality and literacy Through an examination of key moments in the theorizing of orality and literacy and key texts in cross culturally produced Indigenous life writing *Entangled Subjects* explores how some of these works can sustain rather than trouble the frontier zone established by modernity in relation to talk and text Yet contemporary Indigenous vernaculars offer radical new approaches to how we might move beyond the orality literacy frontier and how modernity and the a modern are Productively entangled in the process *The Works of Samuel Johnson, LL.
