Moving Beyond Church Growth An Alternative Vision For Congregations:

Moving Beyond Church Growth Mark A. Olson, 2001-12-01 Character development for communities of faith Mark Olson believes that trying to meet unrealistic expectations for church growth along with expectations that pastors be all things to all people has resulted in low morale even burnout among clergy and dissension within congregations Olson's book argues that church growth models exemplify and exacerbate the tendencies of the modern age and Constantinian Christianity holding the church hostage to technique and marketing These assumptions set up pastors and churches for disappointment and failure But they also in his opinion miss an opportunity to envision a faithful alternative to the consumeristic church Olson's valuable book calls church leaders to faithful bold and courageous rethinking of congregational life and witness in substance purpose and style His own 20 years of ministry in rural suburban and urban congregations inform an alternative rooted deeply in the past and anchored in strong leadership and worship but also profoundly compassionate and engaged in the surrounding community In this model pastors primary responsibilities are not to fix everything and everybody but to enable people to be present to each other and to provide hope Moving Beyond Church Growth Craig L. Nesson, 2003

When God Speaks through Change Craig A. Satterlee, 2005-03-01 At times a congregational transition looms so large in a sermon that it becomes the lens through which scripture is interpreted the congregation is addressed the preacher is heard and God is experienced Homiletics professor and parish pastor Craig Satterlee reflects in this accessible provocative volume about on how to integrate such significant events in a congregation's life into the preaching ministry of the church Rather than offering a blueprint for preaching however he walks along pastors seminarians and other congregational leaders who want to make sure the Gospel not an agenda is preached *Beyond Maintenance to Mission* Craig L.

Nesson, 2010-02-24 Here in a newly revised edition is a powerful and pertinent guide for congregations wanting to move away from maintenance thinking to powerful creative engagement with the world Visionary yet practical Nesson's influential book makes a persuasive case for the centrality of mission in the life of the church Nesson's model of mission driven leadership is strongly centered on the community of faith's worship and draws unique connections between the worship life of a congregation and every aspect of the church's ministry Around the twin foci of congregational identity and mission the chapters in this dynamic book provide solid theological and radical direction on the themes of worship education fellowship stewardship evangelism global connections and social ministry Equally pertinent to seminary classroom and parish life the new edition highlights worship's centrality adds a new chapter on prayer and spiritual practices in this framework significantly revises the treatments of fellowship and evangelism and adds a full set of materials designed for congregational visioning and planning **Governance and Christian Higher Education in the African Context** David K.

A New And Right Spirit Rick Barger, 2005-03-01 In a postmodern culture shaped by consumerism it's little wonder that there is confusion about what the church is supposed to be in the 21st century In A New and Right Spirit Rick Barger argues passionately for congregations to reexamine what it means to be an authentic church in a culture where authenticity is hard to come by He demonstrates the pitfalls of technical solutions to congregational problems and shows the way to making adaptive change Recognizing the spiritual needs of a success oriented society he exhorts leaders to turn away from the story of our culture and to return to the story of the church that is grounded in Christ and the resurrection
