Moving Towards Home:

Travelling towards Home Nicola Frost, Tom Selwyn, 2018-09-14 As we grapple with a growing refugee crisis a hardening of anti immigration sentiment and deepening communal segregation in many parts of the developed world questions of the nature of home and homemaking are increasingly critical This collection brings ethnographic insight into the practices of homemaking exploring a diverse range of contexts ranging from economic migrants to new Chinese industrial cities Jewish returnees from Israel to Ukraine and young gay South Asians in London While negotiating widely varying social political contexts these studies suggest an unavoidably multiple understanding of home while provoking new understandings of the material and symbolic process of making oneself at home

The Movement and the Middle East Michael R Fischbach, 2023-05-25 A study of the effect that the Arab Israeli conflict from 1967 to the early 1980s had on left wing activism in America The Arab Israeli conflict constituted a serious problem for the American Left in the 1960s pro Palestinian activists hailed the Palestinian struggle against Israel as part of a fundamental restructuring of the global imperialist order while pro Israeli leftists held a less revolutionary worldview that understood Israel as a paragon of democratic socialist virtue This intra left debate was in part doctrinal in part generational But further woven into this split were sometimes agonizing questions of identity Jews were disproportionately well represented in the Movement and their personal and communal lives could deeply affect their stances vis vis the Middle East The Movement and the Middle East offers the first assessment of the controversial and ultimately debilitating role of the Arab Israeli conflict among left wing activists during a turbulent period of American history Michael R Fischbach draws on a deep well of original sources from personal interviews to declassified FBI and CIA documents to present a story of the left wing responses to the question of Palestine and Israel He shows how as the 1970s wore on the cleavages emerging within the American Left widened weakening the Movement and leaving a lasting impact that still affects progressive American politics today Praise for *The Movement and the Middle East* Michael R Fischbach boldly takes us into the vexed heart of debates on the American Left exploding after the Six Day War of 1967 over the Palestinian struggle against the state of Israel Fischbach ably navigates the moral passion ideological wrangling and exquisite agony of the entire conflict His bracing message is of the perils of intransigence and the enduring ability of the Israel Palestine debate to further divide an already weakened American Left Jeremy Varon The New School author of *Bringing the War Home* In an engaging narrative Michael Fischbach makes a wonderful contribution to our understanding of the shifting positions alliances and tensions among American leftist groups on the Israel Palestine conflict in the 1960s and 1970s *The Movement and the Middle East* will have a great impact on contemporary activism illuminating the growing support for Palestinian liberation over the decades Pamela Pennock University of Michigan Dearborn

All I Wanted Was an Education Omoviekovwa A. Nakireru, 1999-12 Some American children do not realize how blessed they are to have so many educational choices There are more than 3 000 universities and colleges in the United States offering every subject

from Architecture to Zoology An average American student needs only the will to study and the zeal to accomplish and the sky is the limit Some students do not explore the educational opportunities presented to them They let the pressures of educational demands overwhelm them and many drop out of school for personal reasons For many foreign students like me the choices are limited and the road to success ranges from slim to none The obstacles are many and strenuous and they include financial problems home sickness culture shock weather adjustment Immigration Department concerns loneliness and the list goes on In the mist of these problems quitting is not an option There are two goals the will to survive and succeed because this opportunity may not be available again My story is based on the will to survive and accomplish a dream How did I survive Find out when you read *All I wanted was an Education the Epic of a foreign Student* **The Outlook** Lyman Abbott, Hamilton Wright Mabie, Ernest Hamlin Abbott, Francis Rufus Bellamy, 1914
