Moving Targets Women Murder And Representation:

Moving Targets Helen Birch, 1994-08-08 The rampaging female has become a new cliché in Hollywood cinema a sexy beauty stabbing and shooting her way to box office success *Fatal Attraction* *Thelma and Louise* *The Hand That Rocks the Cradle* and *Single White Female* are a few of the recent mainstream films that have attracted huge audiences Meanwhile true accounts of a teenager shooting her lover's wife and a battered woman bludgeoning her husband to death get prime news media coverage and are quickly made into TV movies This pioneering collection of essays looks at our enduring fascination with women who murder The authors explore how both fictional and real women are represented as well as the way society responds to these women The result is an often shocking picture of female violence that covers a vast territory the Australian outback a Florida highway an Austrian hospital a French village and Hollywood The women are as diverse as their settings middle class housewives prostitutes house maids nurses high powered professionals There is much here to provoke controversy Society's uncertainty over the role of premenstrual syndrome the fear of lesbianism female violence as self defense against patriarchy and appropriate female behavior are issues that push buttons on several levels *Moving Targets* is must reading for anyone concerned with violence and representations of women in our culture

Killing Women Susan Lord, Annette Burfoot, 2006-10 The examination of women and violence has traditionally focused on women who are killed or who are the victims of violence Women murderers were often portrayed as vengeful wronged women or as maternal protectors Recently however there have been significant shifts in the characterization of women who kill in both popular culture *Lara Croft* *Buffy* and *Kill Bill* and in the current global political landscape the so called angels of death in Palestine The essays in this book explore gender and violence by focusing on visual culture films museums art archives and the news media and by engaging with contemporary theories and practices of identity politics and the debates about the ethics and politics of representation itself Does representation create or recreate the conditions of violence Is representation itself a form of violence Weaving between fact and fiction the contributors examine the powerful role culture plays in the production and reproduction of social meaning The collection offers fresh analyses of well established sources for the study of women and violence including the horror film and the court trials of women who have killed their abusive husbands It adds significant new dimensions to the characterization of gender and violence with the inclusion of nationalism and war feminist media and the exploration of violence circulated through non obvious sources such as medical cultural practice and the information society

Male and Female Violence in Popular Media Elisa Giomi,Sveva

Magaraggia,2022-10-06 Male and Female Violence in Popular Media brings into focus the apparently symmetrical phenomena of men s violence against women and women s violence against men explaining the profound differences in their actual features as well as in their representations which over the last few years have been proliferating in a vast array of global media contents Elisa Giomi and Sveva Magaraggia consider popular media including crime TV series such as The Killing Denmark 2007 2012 The Fall UK 2013 2016 and True Detective USA 2015 factual entertainment such as Who the bleep Did I Marry Investigation Discovery 2010 2015 and Italian pop music in order to examine popular culture s depictions of men and women in their opposite yet complementary roles of perpetrators and victims They reveal how TV shows pop songs news and commercials that populate global audiences daily life fuel false beliefs about love and sexuality that either legitimate or stigmatise violence depending on the perpetrators and victims gender

Nineteenth-Century Female Poisoners V. Nagy,2015-02-18

Nineteenth Century Female Poisoners investigates the Essex poisoning trials of 1846 to 1851 where three women were charged with using arsenic to kill children their husbands and brothers Using newspapers archival sources including petitions and witness depositions and records from parliamentary debates the focus is not on whether the women were guilty or innocent but rather on what English society during this period made of their trials and what stereotypes and stock stories were used to describe women who used arsenic to kill All three women were initially presented as bad women but as the book illustrates there was no clear consensus on what exactly constituted bad womanhood

Illuminating the Dark Side: Evil, Women and the Feminine ,2020-09-25 Evil Women The Feminine The relationships that bring together these three ideas form the basis

for the papers gathered together in this volume By asking how why when and to what purpose these three terms are often

linked serves as the starting point of interrogation for each of the authors here considered **Women Who Kill Men**

Gordon Morris Bakken, Brenda Farrington, 2009 The late nineteenth and early twentieth centuries were a revolutionary period in the lives of women and the shifting perceptions of women and their role in society were equally apparent in the courtroom Women Who Kill Men examines eighteen sensational cases of women on trial for murder from 1870 to 1958 The fascinating details of these murder trials documented in court records and embellished newspaper coverage mirrored the changing public image of women Although murder was clearly outside the norm for standard female behavior most women and their attorneys relied on gendered stereotypes and language to create their defense and sometimes to leverage their status in a patriarchal system Those who could successfully dress and act the part of the victim were most often able to win the sympathies of the jury Gender mattered And though the norms shifted over time the press attorneys and juries were all informed by contemporary gender stereotypes
