Mozart Family Four Lives In A Social Context:

The Mozart Family Ruth Halliwell, 1998 Mozart's family has never received the kind of attention that does justice to the complexity of its relationships or its interactions with colleagues friends and neighbors in Mozart's native Salzburg And most biographies of the great composer have neglected the many passages in the rich Mozart family correspondence that do not bear directly on him This book turns a bright light on this neglected material most of which has never before been translated into English to provide a fascinating look at Mozart's parents Leopold and Maria Anna and sister Nannerl Challenging most previous views of the individuals in Mozart's family and the relationships within it Halliwell introduces a wealth of characters from the family's circle in Salzburg from chambermaids to princes and relates the gossip stories the family told to their larger outlook on the world She also draws on the neglected papers of the Berchtold family into which Nannerl married and other rare archival material to provide a sympathetic account of the hopes fears and expectations of the family within their social context An important final section traces the role of Nannerl and Mozart's wife Constanze in using controlling and handing on the biographical source material after Mozart's death addressing the question of how myths surrounding his life and death became so prevalent so early

The Lives and Times of the Great Composers Michael Steen, 2011-07-01 A glorious plum pudding of a book to be consulted with pleasure and profit over and over again Sir Jeremy Isaacs Michael Steen's Great Composers was originally published in 2003 A lifetime's work and almost 1000 pages long it has since become the reference point and key read on the biographical backgrounds to classical music's biggest names Authoritative and hugely detailed but nonetheless a joy to read this new edition will expand its readership further and capitalise on a newfound popular interest in classical music Steen's book helps you explore the story of Bach the respectable burgher much of whose vast output was composed amidst petty turf disputes in Lutheran Leipzig or the ugly argumentative Beethoven in French occupied Vienna obsessed by his laundry or Mozart the over exploited infant prodigy whose untimely death was shrouded in rumour Read about Verdi who composed against the background of the Italian Risorgimento or about the family life of the Wagners and Brahms who rose from the slums of Hamburg to become a devotee of beer and coffee in fin de siècle Vienna a cultural capital bent on destroying Mahler and much much more
