Boomhower, 2019-01-01 *Mr President A Life of Benjamin Harrison* the thirteenth volume in the Indiana Historical Society Press's youth biography series examines Harrison's rise to political prominence after his service as a Union army general during the Civil War Although he served only one term defeated for re election by Cleveland in 1892 Harrison had some impressive achievements during his four years in the White House His administration worked to have Congress pass the Sherman Antitrust Act to limit business monopolies fought to protect voting rights for African American citizens in the South preserved millions of acres for forest reserves and national parks modernized the American navy and negotiated several successful trade agreements with other countries in the Western Hemisphere After losing the White House Harrison returned to Indianapolis once again becoming one of the city's leading citizens He died from pneumonia on March 13 1901 in his home on North Delaware Street today open to the public as the Benjamin Harrison Presidential Site DEAR MR. PRESIDENT BELIEVE Beverly Cardozo, 2011-03-26 Since the recession and after losing her job the author decided to take charge of her life made some compelling changes She hates to lose at any opportunity ahead of her with her struggles of traveling different places to look for work moving from job to job it seems impossible to survive This prepared her to do anything in her power to take risk in order to survive in this economy It is impossible not to read this book to become the winner at anything and to guide us through the dark and dismal time this country is coping with such as an economic breakthrough losing all we have worked so hard to achieve Taking charge of her life was a challenge in itself but understanding the power of her mindset she moved on to a road of a different path How to be prosperous again one must be resilient and be ready to accept that attaching oneself emotionally to material gain is not only destructive to your health but it will destroy the power of thinking A motivational book must read for today's Americans to overcome fear and adversity so you can attain your goal taking charge and taking back your prosperity *Dear Mr. President* Beverly Cardozo, 2010-06-16 The Bush administration left this country in a state of economic recession and a grim tour of American History The American people are struggling to survive by reinventing ourselves through a sweeping historical event Barack Obama is trying to

restore America by promising change to make America regain its dignity by bailing out huge corporations and financial institutions with his stimulus plans Dear Mr President a letter written in form of a book addressing president Obama of his uncertainty leadership and what he is trying to achieve for the American people This book is based solely on my beliefs opinions and how Americans have fallen along the wayside We need to take back America because we have the power Obama needs to restore our faith and trust in the government again and that is no easy task because politicians have to be willing to say things that have true meaning This is a much bigger plan that you bargained for and I hope America will be strong again To do this we must be a community willing to look out for each other helping those that are down and giving a pathway to success

The President and American Capitalism since 1945 Mark H. Rose, Roger Biles, 2017-11-14 The book examines the development of the U S presidency since 1945 and describes the many ways some of which are unknown or greatly underappreciated in which the president's actions affect the daily lives of the American people Weekly Compilation of Presidential Documents, 1995

H. Con. Res. 82, Directing the President to Remove Armed Forces from Operations Against Yugoslavia, and H.J. Res. 44, Declaring War Between the United States and Yugoslavia United States. Congress. House. Committee on International Relations, 1999

The President's Legislative Policy Agenda, 1789-2002 Jeffrey E. Cohen, 2012-09-10 Jeffrey E Cohen asks why US presidents send to Congress the legislative proposals that they do and what Congress does with those proposals His study covers nearly the entire history of the presidency from 1789 to 2002 The long historical scope allows Cohen to engage competing perspectives on how the presidency has developed over time He asks what accounts for the short and long term trends in presidential requests to Congress what substantive policies and issues recommendations are concerned with and what factors affect the presidential decision to submit a recommendation on a particular issue The President's Legislative Policy Agenda 1789 2002 argues that presidents often anticipate the Congressional reaction to their legislative proposals and modify their agendas accordingly
