Never Tomorrow:

If Tomorrow Never Comes Scott E. Kauffman, 2015-06-04 I would quit this job travel to some exotic place and I certainly would tell those closest to me just how important they are to me Words like these are echoed by so many people each and every day and with each day we have to decide what to do with the time we have left Inside of each person is a destiny a calling a purpose and yet we spend day after day either running from that calling ignoring our passion or otherwise just taking up space If Tomorrow Never Comes exposes the pit falls we experience in life and brings answers to some of life's most basic questions Why am I here and why now Life is a journey of discovery and within each discovery is an answer that will lead you to a life full of adventure a life full of peace and joy and ultimately fulfillment as you discover the destiny that resides in you *Asian American Autobiographers* Guiyou Huang, 2001-05-30 Asian Americans have made many significant contributions to industry science politics and the arts At the same time they have made great sacrifices and endured enormous hardships This reference examines autobiographies and memoirs written by Asian Americans in the twentieth century Included are alphabetically arranged entries on 60 major autobiographers of Asian descent Some of these such as Meena Alexander and Maxine Hong Kingston are known primarily for their writings others such as Daniel K Inouye are known largely for other achievements which they have chronicled in their autobiographies Each entry is written by an expert contributor and provides a reliable account of the autobiographer's life reviews major autobiographical works and themes including fictionalized autobiographies and autobiographical novels presents a meticulously researched account of the critical reception of these works and closes with a bibliography of primary and secondary sources An introductory essay considers the history and development of autobiography in American literature and culture and discusses issues and themes vital to Asian American autobiographies and memoirs such as family diaspora nationhood identity cultural assimilation racial dynamics and the formation of the Asian American literary canon The volume closes with a selected bibliography
