The New Age in Glastonbury Ruth Prince, David Riches, 2001-01-01 The New Age movement is a twentieth century socio cultural phenomenon in the Western world with Glastonbury as one of its major centers Through experimenting with a number of ways of analyzing this movement the authors were able to develop a novel theory of social religious movements of broad applicability Based around contradictions relating to such central anthropological concepts as *communitas* egalitarianism individualism holism and autonomy it reveals the processes by which having abandoned a mainstream lifestyle people come to build up a counter culture way of life Drawing on their own work on tribal shamanistic religions the authors are able to point out interesting similarities between the latter and the Glastonbury New Age movement Not only that their model allows them to explain such wide ranging social and religious movements as the Hutterites the Kibbutz and Green communes In fact the authors argue these movements may be regarded as variations of the Glastonbury type New Age Magazine ,1911

Religion in the New Age Swami Kriyananda, 2009-03-16 That we live in a New Age seems an incontestable fact Just 100 years ago the world had no paved highways no speeding cars airplanes cell phones washing machines computers or satellite dishes to name only a few things that today we take for granted But the greatest change that has occurred has been our perception of reality which began with the discovery that matter is actually composed only of vibrations of energy and that energy is the reality behind everything around us Today we perceive everything in terms of energy we have become an

energy conscious as well as an energy dependent society In this collection of fascinating essays on a variety of topics Swami Kriyananda a renowned and prolific writer presents an approach to modern life that may seem radically new The book s title essay Religion in the New Age shares the ancient teaching common to many cultures that time is cyclical and that we are now in an upward cycle coming into an age of energy awareness from a darker age of matter The author shows society political and social events and religion and religious institutions from the viewpoint of different cycles of time *The New Age* ,1923 Science in the New Age David J. Hess,1993 In Science in the New Age David Hess explores ideologies of the paranormal in the United States He offers a map of the labyrinth of views put forward by parapsychologists and skeptical debunkers spirit channelers and crystal healers Hollywood poltergeist scripts and prophets of the New Age Adopting a cultural perspective Hess moves beyond the question of who is right or wrong to the cultural politics of how each group constructs its own boundaries of true and false knowledge Hess begins by looking at each group s unique version of knowledge science and religion and at its story about the other groups Comparing the various discourses texts writers and groups as cultures he shows how skeptics parapsychologists and New Agers may disagree vehemently with each other but end up sharing many rhetorical strategies metaphors models values and cultural categories Furthermore he argues their shared paraculture has a great deal in common with the larger culture of the United States The dialogue on the paranormal Hess concludes has as much to do with gender power and cultural values as it does with spirits extrasensory perception and crystal healing New Age Journal ,1995 *The Encyclopedia of Crystals, Herbs, and New Age Elements* Adams Media,2016 From crystals and herbs to flowers and essential oils this comprehensive guide shows you how to use a variety of New Age elements to enhance your life Each page includes information on their attributes healing properties and how they can be applied in any situation With detailed descriptions and an informative glossary you can quickly discover the New Age element that best serves your purpose whether it s promoting healing activating creativity or bringing about good fortune Amazon com *New Age Bible of Mother Africa (Volumes 1 & 2)* T Lindsey-Billingsley,2019-12-13 The author T Lindsey Billingsley has compiled a no nonsense philosophical study guide exploring racial origins the African origins of humanity and prehistoric Kemetic influence throughout the world The main focus of these studies is on the anthropological and physiological makeup of racial groups with indepth research into both the Out of Africa theories and divine creationism myths Billingsley supplies concrete evidence to support her conclusions on the true human experience in lieu of popular speculation and theory devoid of logic and sound proof In this and subsequent volumes the author will establish a new perspective of thinking that will tempt you to challenge the validity of theological creationism and evolution whilst substantiating a strong position on intelligent design and extraterrestrial intervention *Ghost Hunter's Guide to Los Angeles* Jeff Dwyer,2007-03-31 The renowned paranormal investigator and ghost hunter shows tourists residents and even nonbelievers where to encounter spirits in the City of Angels As useful to the paranormally curious as to locals and
