New Brunswick Schools A Guide To Archival Sources

Eric L. Swanick, David Frank

New Brunswick Schools A Guide To Archival Sources:

New Brunswick Schools, 1992 **New Brunswick Schools** Andrea Schwenke, 1992 *Les Ecoles Du Nouveau-Brunswick*, 1992 *Generations*, 1993 **Nova Scotia Historical Review**, 1992 *Donors and Archives* Aaron D. Purcell, 2015-02-12 Donor work and fundraising is essential for any vibrant archival program Without new collections and new funding archives programs can stagnate and their operations can become vulnerable to economic downturns Archivists spend a lot of time managing collections other archivists and researchers in their reading rooms but often not enough time considering the stuff that makes up their collections where that stuff comes from and how that stuff and the sources of that stuff can be valuable tools for advocacy promotion and fundraising for their archival programs *Donors and Archives A Guidebook for Successful Programs* reviews the complex landscape of donor work archival donations and institutional fundraising for today's archivists It provides practical approaches to enhance donor relations for all types of archival programs such as academic government private and corporate archives The book covers the planning the process and the partners needed for successful donations and donor programs Arranged into four sections the book offers practical advice and best practices in a number of areas including how donations work who donates to archives how to prepare for donors how to evaluate and manage the stuff from potential donors how to work with an institution's development office what are the obligations and expectations of archivists and donors how to develop donor strategies how to work with friends and supporters of the archives program what happens after the donation is complete and what is the overall value of donors to archival programs *Donors and Archives A Guidebook for Successful Programs* highlights the importance of development and fundraising for archives while focusing on the donor and potential donor Their interest their support their enthusiasm and their stuff are vital to the success of archival programs Archivists involved in donor work and fundraising will find the practical advice and best practices in this book applicable replicable timely and valuable *Canadian Reference Sources* Mary E. Bond, Martine M. Caron, 1996 This bibliography cites those Canadian and foreign reference sources that describe Canadian people institutions organizations publications art literature languages and history It lists books of a general nature as well as works in the disciplines of history and the humanities These large divisions are then broken down by subject genre type of document and province or territory Titles of national provincial territorial or regional interest are included in every subject area when available The contents of the book are indexed four ways by name title French subject and English subject And to facilitate browsing the major reference books those dealing with more than one subject or a large geographical region are also cross referenced Two entries have been created for each bilingual document in order to provide access and bibliographical descriptions in both of Canada's official languages Entries for unilingual works include a citation in the language of the publication and a bilingual annotation The annotations are descriptive and provide information on the content arrangements and indexing of works the availability of non print formats previous editions and title changes and

related works Canadian Reference Sources will be an invaluable reference tool for future scholars and researchers

A Research Guide to Cartographic Resources Eva H. Dodsworth, 2018-09-22 The interdisciplinary uses of traditional cartographic resources and modern GIS tools allow for the analysis and discovery of information across a wide spectrum of fields A Research Guide to Cartographic Resources navigates the numerous American and Canadian cartographic resources available in print and online offering researchers academics and students with information on how to locate and access the large variety of resources new and old Dozens of different cartographic materials are highlighted and summarized along with lists of map libraries and geospatial centers and related professional associations A Research Guide to Cartographic Resources consists of 18 chapters two appendices and a detailed index that includes place names and libraries structured in a manner consistent with most reference guides including cartographic categories such as atlases dictionaries gazetteers handbooks maps plans GIS data and other related material Almost all of the resources listed in this guide are categorized by geography down to the county level making efficient work of the type of material required to meet the information needs of those interested in researching place specific cartographic related resources Additionally this guide will help those interested in not only developing a comprehensive collection in these subject areas but get an understanding of what materials are being collected and housed in specific map libraries geospatial centers and their related websites Of particular value are the sections that offer directories of cartographic and GIS libraries as well as comprehensive lists of geospatial datasets down to the county level This volume combines the traditional and historical collections of cartography with the modern applications of GIS based maps and geospatial datasets

Working in the Archives Alexis E. Ramsey, Wendy B Sharer, Barbara L'Eplattenier, Lisa Mastrangelo- Do Not Use, 2009-12-14 Archival research of any magnitude can be daunting With this in mind Alexis E Ramsey Wendy B Sharer Barbara L Eplattenier and Lisa Mastrangelo have developed an indispensable volume for the first time researcher as well as the seasoned scholar Working in the Archives is a guide to the world of rhetoric and composition archives from locating an archival source and its materials to establishing one's own collection of archival materials This practical volume provides

insightful information on a variety of helpful topics such as basic archival theory processes and principles the use of hidden or digital archives the intricacies of searching for and using letters and photographs strategies for addressing the dilemmas of archival organization without damaging the provenance of materials the benefits of seeking sources outside academia and the difficult yet often rewarding aspects of research on the Internet Working in the Archives moves beyond the basics to discuss the more personal and emotional aspects of archival work through the inclusion of interviews with experienced researchers such as Lyn e Lewis Gaillet Peter Mortensen Kathryn Fitzgerald Kenneth Lindblom and David Gold Each shares his or her personal stories of the joys and challenges that face today s researchers Packed with useful recommendations this volume draws on the knowledge and experiences of experts to present a well rounded guidebook to the often winding paths of academic archival investigation These in depth yet user friendly essays provide crucial answers to the myriad questions facing both fledgling and practiced researchers making Working in the Archives an essential resource

Dictionary of Canadian Biography / Dictionnaire Biographique Du Canada Frances G. Halpenny, Jean Hamelin, 1988-11 These biographies of Canadians are arranged chronologically by date of death Entries in each volume are listed alphabetically with bibliographies of source material and an index to names

Archival Strategies and Techniques Michael R. Hill, 1993-09-28 I think that anyone who has an interest in traditional archival research will find this a thoughtful and valuable guide to the many different elements of the research process Theory and Methods His research advice is systematic and thorough and could easily serve for other researchers than sociobiographers In eighty eight pages Hill has managed to pack not only this sound research advice but a critique of archival practices and a six page bibliography The book is certainly worth a read and could give archivists an opportunity to broaden their sociological horizons Archivaria Michael Hill s monograph Archival Strategies and Techniques depicts a world that some might think would be as dusty as old manuscripts themselves but in the process of describing the excitements joys frustrations and ethical conundrums he has demonstrated that the archival scholar can share thrills and fears with Indiana Jones Hill s book is filled with lively anecdote compelling analysis and a full measure of wit This monograph will be an invaluable companion for anyone planning to spend time in libraries dusty or otherwise Gary Alan Fine University of Georgia Much more than a how to book Michael Hill interprets archives and their use from a Goffmanian sociological perspective As an extra benefit he guides readers through the archival process by drawing on a sociological historical project the recovery of unknown or presently discounted social scientists Any teacher who assigns a term paper to students will want to recommend this book Shulamit Reinharz Brandeis University Michael Hill has produced a lively and for some of us comforting guide to archival research in sociology The book is comforting because among the gems contained within this short monograph is a discussion of the need to recover unknown or presently discounted social scientists as an important epistemological task Network Historical and biographical research is increasingly used by social scientists as an important form of qualitative research This kind of research usually requires

the extensive use of formal archives housed in university and government buildings museums and other institutions This concise but practical book provides the rules of the game for the novice on conducting and preparing to work in archives the protocol of using archives and ways of organizing and referencing the useful data from the archive This intriguing volume will interest scholars and students from a wide array of disciplines using this type of research for social analysis Facts about Canada, Its Provinces and Territories Jean Weihs,1995 A reference of information on the ten provinces and two territories of Canada compiled from federal and provincial sources Entries discuss the geography population climate government politics history and culture of each region list political leaders from the 19th century to the present and contain chronologies of key events Includes a bibliography of fiction and nonfiction works for each province and territory plus an introductory chapter on Canada No index Annotation copyright by Book News Inc Portland OR A Guide to the Principal Sources for Early American History (1600-1800) in the City of New York Evarts Boutell Greene,Richard Brandon Morris,1929
