Schroeder, 1994 This is the only modern study of European international politics to cover the entire timespan from the end of the Seven Years War in 1763 to the revolutionary year of 1848 **The Culture of French Revolutionary Diplomacy** Linda Frey, Marsha Frey, 2018-03-15 This book examines the culture of the French diplomatic corps from 1789 to 1799 It analyzes how the French revolutionaries attempted albeit unsuccessfully to transform the diplomatic culture of the old regime notably in etiquette language and dress and how the ideology and dynamic of the Revolution affected certain aspects of international affairs **German Diplomatic Relations 1871-1945** William Young, 2006-09-04 The continuity issue has been a theme in German historiography for half a century Historians have examined the foreign policy of Wilhelmine and Nazi Germany that led to two world wars Dr William Young examines the continuity of German Foreign Office influence in the formulation of foreign policy under the leadership of Otto von Bismarck 1862 1890 Kaiser William II 1888 1918 the Weimar Republic 1919 1933 and Adolf Hitler 1933 1945 He stresses the role and influence of strong German leaders in the making of policy and the conduct of foreign relations German Diplomatic Relations 1871 1945 will be of value to individuals interested in the history of Germany Modern Europe and International Relations Revolutionary France's War of Conquest in the Rhineland Jordan R. Hayworth, 2019-02-06 In May 1790 the French National Assembly renounced wars of conquest Two years later France declared war on Austria and invaded Belgium and the Rhineland claiming it was to spread the benefits of the Revolution Soon however military and economic crises drove a shift in the nature of France's war effort What started as a war for liberty became a war for conquest one that brought devastating exploitation to the Rhineland It was during this time that French foreign policy became influenced by the idea of attaining the natural frontiers the Alps the Pyrenees and most significantly the Rhine Although often portrayed as a diplomatic tradition of the French monarchy Jordan R Hayworth shows how the natural frontiers policy was born during the Revolution In addition he examines the intense and consequential debates that arose over the policy which caused much confusion in the war and helped to undermine France's democratic experiment Desloge Chronicles - A Tale of Two Continents - An Amazing Family's Journey - Volume One Christopher Desloge, 2012-12-30 Desloge Chronicles A Tale of Two Continents is a monograph of an amazing family's journey supported by genealogical summaries which provide solid provenance Situated in France and America this is an authentic historical narrative built around one family's 600 letters dating from 200 years providing live action reality present at France the French Revolution and the American Frontier Based upon one of the largest bodies of vibrant correspondence written from the turn of the 1800s we are able to peer into the scene of teeming wildlife and Native American Indians in the young America expanding from this family's French nobility on the young American frontier and then blooming into titanic industrialists and caring naturalists and philanthropists Within this monograph historical fact studied

Scott,Barry Rothaus,1985-06-26 The decade between 1789 and 1799 bore witness to a complex succession of rapid fire and cataclysmic events These events and the people involved in them changed not only the entire course of French history but had enormous impact on the modern world Despite the influence of the revolutionary decade in France and the enduring interest in it scholars and students have had no single cohesive and easily accessible source of basic fact interpretation and related reading In the Historical Dictionary of the French Revolution 1789 1799 Samuel F Scott and Barry Rothaus gather together for the first time in English a vast amount of historical information through interpretive analyses covering the major events and personalities connected with the French Revolutionary period Ninety six historians of the French Revolution many of international renown have contributed over five hundred essays to this comprehensive handbook No important element of the history is omitted every major event individual constitutional development political organization committee institution and cultural aspect of the French Revolutionary decade is examined and analyzed A bibliography immediately following each article places the most germane sources at the fingertips of scholars and students who wish to conduct further studies of specific topics A comprehensive index and cross references for each entry allow the reader to obtain a well rounded perspective of any subject The volume concludes with a detailed chronology of the 1789 1799 period The Historical Dictionary of the French Revolution 1789 1799 is the most current and exhaustive guide to the study of the French Revolution in English and possibly in any language As a readily accessible source of essential and accurate data and as a springboard for deeper study it will prove invaluable to French Revolution specialists and students alike and should be part of every educational library *To End War* ,1982 **History of Africa: From 1800 to present** Harry A.
