Pelham Golf Year Louis Thomas Stanley, 1981 **Historical Dictionary of Golf** Bill Mallon, Randon Jerris, 2011-01-21
Golf has been called the greatest of all games but it has also been derided by none other than Mark Twain as nothing more than a good walk spoiled. Traditional teaching holds that golf originated in Scotland around the 15th century. However, there is historical evidence of games similar to golf being played in the low countries of Europe back in the 13th century. Over the many centuries of golf's evolution, the balls used have changed greatly, as have the clubs, the holes, the courses, and the entire game itself. The *Historical Dictionary of Golf* presents a comprehensive history of the game through a chronology, an introductory essay, a bibliography, photos, and over 300 cross-referenced dictionary entries on places, teams, terminology, and people including Arnold Palmer, Greg Norman, Lee Trevino, Jack Nicklaus, Annika Sorenstam, Lorena Ochoa, Phil Mickelson, and of course Tiger Woods. Appendixes of the members of the World Golf Hall of Fame, the Major Championships of Golf, the International Team Events, and the Professional Tour Awards are also included. **New York Year by Year** Jeffrey A. Kroessler, 2002-08. A cornucopia of the familiar and the forgotten, the historic and the ephemeral, the heroic and the banal. This handy reference work takes us from Verrazano's arrival in 1524 into the November 2001 election of a new mayor for the new millennium. *Whitaker's Five-year Cumulative Book List*, 1968 The City Record New York (N.Y.), 1904
Supreme Court of the State of New York, **After Five Years** Princeton University. Class of 1908, 1914 *Year-book*, 1929 **Golf's Iron Horse** John Sabino, 2017-02-07. So many works of golfing history focus on the greats, the best players, the most prestigious championships, the hardest courses, and the like. But most avid golfers are average players relishing in the joy of the sport itself. In *Golf's Iron Horse*, celebrated golf writer John Sabino chronicles the previously untold story of Ralph Kennedy, a golf amateur whose love of the game set him on par to play more courses than anyone before. A founding member of Mamaroneck, New York's prestigious Winged Foot Golf Club, Kennedy had long been an avid golfer when he met Charles Leonard Fletcher in 1919. When the Englishman told Kennedy that he had played more than 240 courses in his lifetime, Kennedy took it as a challenge and became determined to play more. In a feat that caused the *New York Sun* to declare him golf's Lou Gehrig, in 1935 Kennedy succeeded in beating Fletcher's record, and then some. He played golf on more than 3165 different courses in all forty-eight states, nine Canadian provinces, and more than a dozen different countries during his forty-three year love affair with the game. In addition to the 3165 unique courses he played, the unrelenting Ralph also played golf a total of 8500 times over his lifetime, the equivalent of teeing it up every day for twenty-three straight years. Lou Gehrig's seventeen years in professional baseball pales in comparison. This intriguing story includes details of the special conditions under which he was able to play the Augusta National Golf Club and the unique circumstances of his visits to Pebble Beach and the Old Course at St. Andrews. Perfect for golf aficionados, *Golf's Iron Horse* will inspire every reader to tee off at a new course. **New York Court of Appeals. Records and Briefs.** New York (State). Court of Appeals., Volume
