Posterity*

Edna
Longley

Poetry And Posterity

Victor Hugo, Henry Carrington

Poetry And Posterity:

Poetry & Posterity Edna Longley, 2000 Edna Longley's latest collection of critical essays marks a move back from Irish culture and politics to poetry itself as the critic's central concern. She considers how poets are read and received at different times and in different contexts by academics as well as by a wider readership and from Irish English and American viewpoints. But her interest in the reception of poetry is still very much influenced by debates about literature and politics in a Northern Ireland context and in the book's final essay she relates poetry to the peace process. In two of these essays, 'The Poetics of Celt and Saxon' and 'Pastoral Theologies', she has some fun with mutual stereotypes, the Hughes or Heaney figure and with English misreadings of Irish poetry and its cultural and intellectual environment and Irish poets' frequent complicity in this situation. In other essays she discusses Edward Thomas and eco-centrism, the criticism of Louis MacNeice and Tom Paulin and the poetry of Larkin and Auden. *Poetry and Posterity* follows Edna Longley's recently reissued *Poetry in the Wars*, her classic work on Ireland, poetry and war, and her much celebrated book *The Living Stream: Literature Revisionism in Ireland*.

Serious Poetry Peter McDonald, 2002 Do we want to read poetry or just like having a few poets to talk about? The history of poetry in twentieth-century Britain and Ireland is one which ends with the assimilation of successful poets into a media culture; it is also, however, another history, one of form and authority, in which certain poets found modes and pitches of resistance to the seeming inevitabilities of their times. In this history it is the authority of poetry and not the media-processed poet which is at stake in the integrity of poetic form. *Serious Poetry: Form and Authority from Yeats to Hill* offers a controversial reading of twentieth-century British and Irish poetry centred on six figures, all of whom are critics as well as poets: W.B. Yeats, T.S. Eliot, W.H. Auden, Louis MacNeice, Seamus Heaney and Geoffrey Hill. Yeats's centrality to twentieth-century poetry and the problem many poets and critics had or still have with that centrality is a major focus of the book. *Serious Poetry* argues that it is in the strengths, possibilities, perplexities and certainties of the poetic form that poetry's authority in a distrustful cultural climate remains most seriously alive.

Romantic Poets and the Culture of Posterity Andrew Bennett, 1999-12-02 This 1999 book examines the way in which the Romantic period's culture of posterity inaugurates a tradition of writing which demands that the poet should write for an audience of the future; the true poet, a figure of neglected genius, can be properly appreciated only after death. Andrew Bennett argues that this involves a radical shift in the conceptualization of the poet and poetic reception, with wide-ranging implications for the poetry and poetics of the Romantic period. He surveys the contexts for this transformation of the relationship between poet and audience, engaging with issues such as the commercialization of poetry, the gendering of the canon and the construction of poetic identity. Bennett goes on to discuss the strangely compelling effects which this reception theory produces in the work of Wordsworth, Coleridge, Keats, Shelley and Byron, who have come to embody for posterity the figure of the Romantic poet.

Graveyard Poetry Eric Parisot, 2016-04-22 While immensely popular in the eighteenth century, current critical wisdom regards graveyard

poetry as a short lived fad with little lasting merit In the first book length study of this important poetic mode Eric Parisot suggests to the contrary that graveyard poetry is closely connected to the mid century aesthetic revision of poetics Graveyard poetry s contribution to this paradigm shift Parisot argues stems from changing religious practices and their increasing reliance on printed material to facilitate private devotion by way of affective and subjective response Coupling this perspective with graveyard poetry s obsessive preoccupation with death and salvation makes visible its importance as an articulation or negotiation between contemporary religious concerns and emerging aesthetics of poetic practice Parisot reads the poetry of Robert Blair Edward Young and Thomas Gray among others as a series of poetic experiments that attempt to accommodate changing religious and reading practices and translate religious concerns into parallel reconsiderations of poetic authority agency death and afterlife Making use of an impressive body of religious treatises sermons and verse that ground his study in a precise historical moment Parisot shows graveyard poetry s strong ties to seventeenth century devotional texts and most importantly its influential role in the development of late eighteenth century sentimentalism and Romanticism **Poetry and Drama** ,1913 **Victorian Poetry and the Culture of Evaluation** Clara

Dawson,2020-02-27 Victorian Poetry and the Culture of Evaluation argues that the dialectic and dynamic relationship between the periodical review and poetry creates a culture of evaluation which shapes Victorian poetic form The mediation of poetry by the periodical review orients poets towards public readership and reception heightening their self consciousness about their audience and generating a poetics of publicness Using methodologies associated with historical poetics and new formalism the book examines the dialogues between poets and periodical reviews from the 1830s to the 1860s It juxtaposes male and female poets and canonical and uncanonical texts Challenging the critical binaries of fame and celebrity the culture of evaluation posits a new way of reading Victorian poetry It illuminates poets engagement with the immediacy and inevitability of writing for the present and for the contemporary media through which poetry was read and disseminated New patterns of reception were created by mass print culture and both poets and reviewers were preoccupied with reaching the newly constituted mass audience The changes to the material forms of poetry e g through the periodical or gift book and the subjection to the commercial imperatives of the literary marketplace encouraged bold experiment with verse The book identifies three poetic strategies for articulating the preoccupation with a mass audience and the demands of mass media voice style and address Chapters on voice style and address explore the development of poetic form in dialogue with periodical reviews **PRISMATICS: LARRY LEVIS & CONTEMPORARY AMERICAN POETRY** Gregory

Donovan,Michele Poulos,2020-03-04 Prismatics Larry Levis he was the star risen out of a constellation of poets coming from Fresno In Prismatics many of our most notable poets offer insightful personal and detailed responses to and assessments of Larry s life and work Especially touching and salient are the interviews with Philip Levine Peter Everwine C G Hanzlicek and David St John Fresno poets and friends who knew him best and who knew Larry from the start They testify to his talent

humanity and unmatched originality and voice For lovers of Larry s poetry of contemporary poetry this is an invaluable collection Christopher Buckley author of *A Condition of the Spirit* As I read through the interviews in *Prismatics* I found myself pausing in the middle of chapters rather than between them so as to savor the feeling of always being immersed in a rich and rewarding conversation I love the cumulative warmth of this book of so many poets speaking affectionately and thoughtfully about one of the great American poets of the 20th century as friend colleague lover co conspirator and cynosure But more than a commemoration of Larry Levis *Prismatics* offers meditations on passion creativity self destruction ambition and the nature of literary legacy It s a book as capacious and complex as the poetry of Levis itself Nicky Beer author of *The Octopus Game* and *The Diminishing House* *The Form of Poetry in the 1820s and 1830s* David Stewart,2018-01-08 The 1820s and 1830s the gap between Romanticism and Victorianism continues to prove a difficulty for scholars This book explores and recovers a neglected culture of poetry in those years and it demonstrates that culture was a crucial turning point in literary history It explores a uniquely wide range of poets including the poetry of the literary annuals Letitia Landon Felicia Hemans Robert Browning Samuel Taylor Coleridge Thomas Hood and John Clare placing their work in the light of new research into the conditions of the literary market In turn it uses that culture to open up wider theoretical issues relating to literary form book history print culture gender and periodisation The period s doubt about poetry s place in culture and its capacity to last prompted a dazzling range of creative experiments that reimaged the metrical material and commercial forms of poetry

Reading with John Clare Sara Guyer,2015-05-01 Reading with John Clare argues that at the heart of contemporary biopolitical thinking is an insistent repression of poetry By returning to the moment at which biopolitics is said to emerge simultaneously with romanticism this project renews our understanding of the operations of contemporary politics and its relation to aesthetics across two centuries Guyer focuses on a single exemplary case the poetry and autobiographical writing of the British poet John Clare 1793 1864 Reading Clare in combination with contemporary theories of biopolitics Guyer reinterprets romanticism s political legacies specifically the belief that romanticism is a direct precursor to the violent nationalisms and redemptive environmentalisms of the twentieth and twenty first centuries Guyer offers an alternative account of many of romanticism s foundational concepts like home genius creativity and organicism She shows that contemporary critical theories of biopolitics despite repeatedly dismissing the aesthetic or poetic dimensions of power as a culpable ideology emerge within the same rhetorical tradition as the romanticism they denounce The book thus compels a rethinking of the biopolitical critique of poetry and an attendant reconsideration of romanticism and its concepts

Sunshine All the Year James Henry Potts,1907 *Shelley s Living Artistry: Letters, Poems, Plays* Madeleine Callaghan,2017-06-06 This study of the poetry and drama of Percy Bysshe Shelley reads the letters and their biographical contexts to shed light on the poetry tracing the ambiguous and shifting relationship between the poet s art and life

Yeats and Modern Poetry Edna Longley,2013-11-11 This book from renowned poetry critic Edna Longley presents fresh dynamic

perspectives on W B Yeats enduring legacy **The Works of Lord Byron: Poetry** George Gordon Byron Baron Byron,1903
-Poetry, ed. by E. H. Coleridge. The works of lord Byron George Gordon Byron Baron Byron,1903 Madness and the Romantic Poet James Whitehead,2017-07-21
Madness and the Romantic Poet examines the longstanding and enduringly popular idea that poetry is connected to madness and mental illness The idea goes back to classical antiquity but it was given new life at the turn of the nineteenth century The book offers a new and much more complete history of its development than has previously been attempted alongside important associated ideas about individual genius creativity the emotions rationality and the mind in extreme states or disorder ideas that have been pervasive in modern popular culture More specifically the book tells the story of the initial growth and wider dissemination of the idea of the Romantic mad poet in the nineteenth century how and why this idea became so popular and how it interacted with the very different fortunes in reception and reputation of Romantic poets their poetry and attacks on or defences of Romanticism as a cultural trend generally again leaving a popular legacy that endured into the twentieth century Material covered includes nineteenth century journalism early literary criticism biography medical and psychiatric literature and poetry A wide range of scientific and pseudoscientific thinkers are discussed alongside major Romantic authors including Wordsworth Coleridge Blake Hazlitt Lamb Percy Bysshe Shelley Keats Byron and John Clare Using this array of sources and figures the book asks was the Romantic mad genius just a sentimental stereotype or a romantic myth Or does its long popularity tell us something serious about Romanticism and the role it has played or has been given in modern culture **Studies in Poetry and Philosophy**
John Campbell Shairp,1882 *The Quarterly Review (London)* ,1821 *Quarterly Review* ,1821 *"The" Quarterly Review* ,1821 Translations from the Poems of Victor Hugo Victor Hugo, Henry Carrington,1885
