Politics Of Motherhood Activist Voices From Left To Right:

The Politics of Motherhood Alexis Jetter, Annelise Orleck, Diana Taylor, 1997 Essays and interviews explode the myth of apolitical motherhood by showing how 20th century women have politicized their role as mothers in a wide range of social contexts *The Politics of Motherhood* New South Wales. Law Reform Commission, 1997 [The Routledge Companion to Motherhood](#) Lynn O'Brien Hallstein, Andrea O'Reilly, Melinda Giles, 2019-11-04 Interdisciplinary and intersectional in emphasis the Routledge Companion to Motherhood brings together essays on current intellectual themes issues and debates while also creating a foundation for future scholarship and study as the field of Motherhood Studies continues to develop globally This Routledge Companion is the first extensive collection on the wide ranging topics themes issues and debates that ground the intellectual work being done on motherhood Global in scope and including a range of disciplinary perspectives including anthropology literature communication studies sociology women s and gender studies history and economics this volume introduces the foundational topics and ideas in motherhood delineates the diversity and complexity of mothering and also stimulates dialogue among scholars and students approaching from divergent backgrounds and intellectual perspectives This will become a foundational text for academics in Women s and Gender Studies and interdisciplinary researchers interested in this important complex and rapidly growing topic Scholars of psychology sociology or public policy and activists in both university and workplace settings interested in motherhood and mothering will find it an invaluable guide

Mothers Under Fire: Mothering in Conflict Areas Tatjana Takseva, 2015-07-01 Mothers Under Fire Mothering in Conflict Areas examines the experiences of women mothering in conflict areas The aim of this collection is to engage with the nature and meaning of motherhood and mothering during times of war and or in zones experiencing the threat of war The essays in the collection reflect diverse disciplinary perspectives through which scholars and field practitioners reveal how conflict shapes mothering practices One of the unique contributions of the collection is that it highlights not only the particular difficulties mothers face in various geographic locations where conflict has been prevalent but also the ways in which mothers display agency to challenge and negotiate the circumstances that oppress them The collection raises awareness of the needs of women and children in areas affected by military and or political violence worldwide and provides a basis for developing multiple policy frameworks aimed at improving existing systems of support in local contexts Kristen P Williams Clark University [A Companion to American Women's History](#) Nancy A. Hewitt, 2008-04-15 This collection of twenty four original essays by leading scholars in American women s history highlights the most recent important scholarship on the key debates and future directions of this popular and contemporary field Covers the breadth of American Women s history including the colonial family marriage health sexuality education immigration work consumer culture and feminism Surveys and evaluates the best scholarship on every important era and topic Includes expanded bibliography of titles to guide further research [Radical Women in Latin America](#) Victoria González-Rivera, Karen Kampwirth, 2010-11-01

The rationale stated for studying radical women of Latin America is first to throw light on the development of dictatorship and authoritarianism second to transcend the stereotype of inherently violent men and inherently peaceful women and finally to demonstrate that there is no automatic sisterhood among women even of the same class and ethnicity Brief chronologies of three countries each in Central and South America open the two sections The contributors are historians and political scientists primarily from the US Annotation copyrighted by Book News Inc Portland OR

Encyclopedia of Motherhood Andrea O'Reilly, 2010-04-06 In the last decade the topic of motherhood has emerged as a distinct and established field of scholarly inquiry A cursory review of motherhood research reveals that hundreds of scholarly articles have been published on almost every motherhood theme imaginable The Encyclopedia of Motherhood is a collection of approximately 700 articles in a three volume A to Z set exploring major topics related to motherhood from geographical historical and cultural entries to anthropological and psychological contributions In human society few institutions are as important as motherhood and this unique encyclopedia captures the interdisciplinary foundation of the subject in one convenient reference The Encyclopedia is a comprehensive resource designed to provide an understanding of the complexities of motherhood for academic and public libraries and is written by academics and institutional experts in the social and behavioural sciences

The Politics of Public Housing Rhonda Y. Williams, 2004-09-09 Black women have traditionally represented the canvas on which many debates about poverty and welfare have been drawn For a quarter century after the publication of the notorious Moynihan report poor black women were tarred with the same brush ghetto moms or welfare queens living off the state with little ambition or hope of an independent future At the same time the history of the civil rights movement has all too often succumbed to an idolatry that stresses the centrality of prominent leaders while overlooking those who fought daily for their survival in an often hostile urban landscape In this collective biography Rhonda Y Williams takes us behind and beyond politically expedient labels to provide an incisive and intimate portrait of poor black women in urban America Drawing on dozens of interviews Williams challenges the notion that low income housing was a resounding failure that doomed three consecutive generations of post war Americans to entrenched poverty Instead she recovers a history of grass roots activism of political awakening and of class mobility all facilitated by the creation of affordable public housing The stereotyping of black women especially mothers has obscured a complicated and nuanced reality too often warped by the political agendas of both the left and the right and has prevented an accurate understanding of the successes and failures of government anti poverty policy At long last giving human form to a community of women who have too often been treated as faceless pawns in policy debates Rhonda Y Williams offers an unusually balanced and personal account of the urban war on poverty from the perspective of those who fought and lived it daily

The Price of Progressive Politics Rose Ernst, 2012-07-23 Social justice activists in the United States face an increasingly difficult task how do they fight policies based on damaging images of race class and gender identities in an era of colorblind racism Through the voices of women activists in the welfare rights movement across the United States The Price of Progressive Politics exposes the contemporary reality of welfare rights politics revealing how the language of colorblind racism undermines this multiracial movement Rose Ernst argues that although many activists are well meaning and truly committed they nonetheless find themselves reproducing many of the same racial and gender biases that they are trying to fight against Through forty nine in depth interviews with activists in eight organizations across the United States Ernst presents an intersectional analysis of how these activists understand the complexities of race class and gender and how such understandings have affected their approach to their grassroots work The vibrant stories of these welfare rights activists from around the country reveal the volatile issues of race and class that underlie the deep complexities and contradictions of grassroots organizing and the tensions which are often heightened by the language of color blind racism Engaging and accessible The Price of Progressive Politics offers a refreshing examination of how those working for change grapple with shifting racial dynamics in the United States arguing that organizations that fail to develop a consciousness that reflects the reality of multiple marginalized identities ultimately reproduce the societal dynamics they seek to change White

Feminists and Contemporary Maternity D. Hallstein, 2010-03-29 This work explores matrophobia the fear not of one's mother or of motherhood but of becoming one's mother in past and present white feminist analyses of motherhood and mothering By tracing white second wave feminism's strategic choice to organize first as sisters then as daughters O'Brien Hallstein argues matrophobia became embedded in past and continues to linger in contemporary feminist analyses As a result contemporary analyses reveal crucially important but limited understandings of contemporary motherhood and mothering This important work concludes that matrophobia can be reduced and eliminated by reorienting analyses to mutual responsiveness between sisters and daughters second and third wave feminists

Goldwater Girls to Reagan Women Robin M. Morris, 2022-10-01 Goldwater Girls to Reagan Women is a statewide study of women's part in the history of conservatism the New Right and the Republican Party in the state of Georgia Robin M Morris examines how the growth of the Republican Party in the 1960s and 1970s was due in large part to the political activism of white women The book begins with the African American women who established the Georgia Federation of Republican Women and follows how they lost the organization and the party to white women moving to the Sunbelt South Conservative white women developed a language and strategy of family values that they deployed to battle school busing defeat the Equal Rights Amendment and elect Republican leaders even in Jimmy Carter's home state Morris uses original interviews and archival research in personal papers of women activists in the Georgia New Right movement including Lee Ague Miller Beth Callaway Kathryn Dunaway Lee Wysong and Hattie Greene to reveal the

motivations and actions that transformed the state from blue to red In this era perceived threats to family life and traditional values spurred women led grassroots organization that enabled broad political shifts on the state level Conservative women carved out their political niche as they consolidated and expanded their power and influence Rather than a male dominated top down approach Morris centers her historical account on the middle class white women whose actions changed the political landscape of the state and ultimately the country *New Perspectives on Environmental Justice* Rachel Stein, 2004 Women make up the vast majority of activists and organizers of grassroots movements fighting against environmental ills that threaten poor and people of color communities This collection of essays pays tribute to the contributions women have made in these endeavors The writers offer varied examples of environmental justice issues such as children s environmental health campaigns cancer research AIDS HIV activism the Environmental Genome Project and popular culture among many others Each one focuses on gender and sexuality as crucial factors in women s or gay men s activism and applies environmental justice principles to related struggles for sexual justice Drawing on a wide variety of disciplinary perspectives the contributors offer multiple vantage points on gender sexuality and activism Back cover

The Poverty of Life-Affirming Work Mechthild Hart, 2001-12-30 While society may applaud middle and upper class women who decide to stay home to raise their children there exists a decided abhorrence for single mothers welfare queens who collect public funds but do not work Here Hart challenges traditional notions of welfare mothers by providing first hand accounts of poor urban mothers and revealing the life affirming and moral aspects of their motherwork a form of subsistence work involving many tasks that incorporate the physical psychological emotional and spiritual dimensions of life Though the mothering work these women do is vilified in public discourse as unnecessary and unwanted the author contends that the ethical and epistemological dimensions of life affirming work a key component of motherwork not only structure social political activism but also educational efforts that are oriented towards radical change Concrete experiences of motherwork policy analyses regarding welfare reform efforts oriented towards educational and epistemological border crossings and collective struggles for social change are examined here in a larger theoretical political economic framework Pulling together the many strands of different theoretical fields addressing issues related to critical transformative pedagogy community activism and forms of unpaid work this unique work calls for the unlearning of ways of thinking and feeling which uphold prejudices and life threatening social political hierarchies While the public may sneer at women who choose to accept welfare in order to stay home to raise their children these mothers must continue to perform this invisible work in order that their children may break the cycle of poverty in which they are entrenched The author examines ways in which these mothers organize and carry out educational efforts and political work in the context of extreme poverty and against the harsh criticisms of an unforgiving public Ultimately Hart hopes to convince the public of the inherent importance of motherwork and break down the prejudices that have worked against the urban poor and single mothers

Companion to Women's and Gender

Studies Nancy A. Naples, 2020-03-26 A comprehensive overview of the interdisciplinary field of Women's and Gender Studies featuring original contributions from leading experts from around the world. The Companion to Women's and Gender Studies is a comprehensive resource for students and scholars alike exploring the central concepts, theories, themes, debates, and events in this dynamic field. Contributions from leading scholars and researchers cover a wide range of topics while providing diverse international, postcolonial, intersectional, and interdisciplinary insights. In depth yet accessible chapters discuss the social construction and reproduction of gender and inequalities in various cultural, social, economic, and political contexts. Thematically organized chapters explore the development of Women's and Gender Studies as an academic discipline, changes in the field, research directions, and significant scholarship in specific interrelated disciplines such as science, health, psychology, and economics. Original essays offer fresh perspectives on the mechanisms by which gender intersects with other systems of power and privilege, the relation of androcentric approaches to science and gender bias in research, how feminist activists use media to challenge misrepresentations and inequalities, disparity between men and women in the labor market, how social movements continue to change Women's and Gender Studies, and more. Filling a significant gap in contemporary literature in the field, this volume features a broad interdisciplinary and international range of essays. Engages with both individual and collective approaches to agency and resistance. Addresses topics of intense current interest and debate such as transgender movements, gender-based violence, and gender discrimination policy. Includes an overview of shifts in naming, theoretical approaches, and central topics in contemporary Women's and Gender Studies. Companion to Women's and Gender Studies is an ideal text for instructors teaching courses in gender, sexuality, and feminist studies or related disciplines such as psychology, history, education, political science, sociology, and cultural studies, as well as practitioners and policy makers working on issues related to gender and sexuality. The Political Uses of Motherhood in America Cynthia

Stavrianos, 2014-11-13 As various contemporary groups use the language of motherhood to advance their political causes, maternal rhetoric has become very visible in the American political discourse of late. Yet while it has long been recognized that women have invoked their political status as mothers to organize and authorize their political action, in the past scholars have only just begun to examine the recent reemergence of this frame. This book describes the wide variety of political causes that mothers are organizing to address and analyses whether ideologically conservative organizations are disproportionately represented among groups using motherhood to mobilize women. Stavrianos examines the use of maternal discourses in closer detail through a comparative case study of five groups using motherhood as their primary frame for collective political action: Mothers Against Drunk Driving, Million Mom March, Mothers Against Illegal Aliens, Mainstreet Moms Organize or Bust, and Mothers in Charge. Scholars interested in women and politics, interest group politics, social movements, political behavior, women's studies, motherhood studies, and framing strategies will find this book noteworthy as it adds to a growing body of literature exploring the use of motherhood as an emerging political frame and to the interdisciplinary discussion of

contemporary discourses of motherhood **Radical Housewives** Julie Guard,2019-03-14 Radical Housewives is a history of Canada's Housewives Consumers Association This association was a community based women's organization with ties to the communist and social democratic left that from 1937 until the early 1950s led a broadly based popular movement for state control of prices and made other far reaching demands on the state As radical consumer activists the Housewives engaged in gender transgressive political activism that challenged the government to protect consumers interests rather than just those of business while popularizing socialist solutions to the economic crises of the Great Depression and the immediate postwar years Julie Guard's exhaustive research including archival research and interviews with twelve former Housewives recovers a history of women's social justice activism in an era often considered dormant and adds a Canadian dimension to the history of politicized consumerism and of politicized materialism Radical Housewives reinterprets the view of postwar Canada as economically prosperous and reveals the left's role in the origins of the food security movement Women of the Right Kathleen M.
