Politics Of The Stuart Court Masque:

The Politics of the Stuart Court Masque David Bevington, Peter Holbrook, 1998-11-19 A 1998 collection which takes an alternative look at the courtly masque in early seventeenth century England **The Politics of the Stuart Court Masque** David Bevington, Peter Holbrook, 1998 **The Stuart Court Masque and Political Culture** Martin Butler, 2008 Examines the masques and court festivals staged between 1603 and 1640 demonstrating how they reflected and influenced the Stuart kingship **Familial Politics and the Stuart Court Masque** Michelle Haslem, 1999 **Politics and Political Culture in the Court Masque** J. Knowles, 2015-06-17 Politics and Political Culture in the Court Masque considers the interconnections of the masque and political culture It examines how masques responded to political forces and voices beyond the court and how masques explored the limits of political speech in the Jacobean and Caroline periods **Jacobean Drama** Pascale Aebischer, 2010-07-30 The plays of Shakespeare s contemporaries are increasingly popular thanks to a spate of recent stage and screen productions and to courses that set Shakespeare s plays in context This Reader s Guide introduces students to the criticism and debates that are specific to the drama of playwrights such as Jonson Middleton Dekker and Webster Pascale Aebischer explores recent critical developments in key areas including How the plays were staged and printed Innovative editions of plays How the plays represent and contest the dominant ideologies of the Jacobean period Dramatic genres The representation of the human body and of social gender and race relations Modern productions on stage and screen Featuring suggestions for further research and reading and a filmography of commercially available film versions of non Shakespearean drama this is an invaluable resource for anyone with an interest in the diverse plays of the Jacobean age Marriage, Performance, and Politics at the Jacobean Court Kevin Curran, 2016-05-06 Marriage Performance and Politics at the Jacobean Court constitutes the first full length study of Jacobean nuptial performance a hitherto unexplored branch of early modern theater consisting of masques and entertainments performed for high profile weddings Scripted by such writers as Ben Jonson Thomas Campion George Chapman and Francis Beaumont these entertainments were mounted for some of the most significant political events of James s English reign Here Kevin Curran analyzes all six of the elite weddings celebrated at the Jacobean court reading the masques and entertainments that headlined these events alongside contemporaneously produced panegyrics festival books sermons parliamentary speeches and other sources The study shows how collectively wedding entertainments turned the idea of union into a politically versatile category of national representation and offered new ways of imagining a specifically Jacobean form of national identity by doing so **Airy Nothings: Imagining the Otherworld of Faerie from the Middle Ages to the Age of Reason** , 2013-11-07 Ever since the Middle Ages the Otherworld of Faerie has been the object of serious intellectual scrutiny What science in the end dismissed as airy nothings was given a local habitation and a name by art This book presents some of the main chapters from the history and tradition of otherworldly spirits and fairies in the folklore and literature of the British Isles and Northern

Europe In eleven contributions different experts deal with some of the main problems posed by the scholarly and artistic confrontation with the Otherworld which not only fuelled the imagination but also led to the ultimate redundancy of learned perceptions of that Otherworld as it was finally obfuscated by the clarity of an enlightened age Contributors include Henk Dragstra John Flood Julian Goodare Tette Hofstra Robert Maslen Richard North Karin E Olsen David J Parkinson Rudolf Suntrup Jan R Veenstra and Helen Wilcox Gathering Force: Early Modern British Literature in Transition, 1557-1623: Volume 1 Kristen Poole, Lauren Shohet, 2019-01-17 During the sixteenth and early seventeenth centuries England grew from a marginal to a major European power established overseas settlements and negotiated the Protestant Reformation The population burgeoned and became increasingly urban England also saw the meteoric rise of commercial theatre in London the creation of a vigorous market for printed texts and the emergence of writing as a viable profession Literacy rates exploded and an increasingly diverse audience encountered a profusion of new textual forms Media and literary culture transformed on a scale that would not happen again until television and the Internet The twenty innovative contributions in Gathering Force Early Modern Literature in Transition 1557 1623 trace ways that five different genres both spurred and responded to change Chapters explore different facets of lyric poetry romance commercial drama masques and pageants and non narrative prose Exciting and accessible this volume illuminates the dynamic relationships among the period's social political and literary transformations Performing the Renaissance Body Sidia Fiorato, John Drakakis, 2016-03-21 In the Renaissance period the body emerges as the repository of social and cultural forces and a privileged metaphor for political practices and legal codification Due to its ambivalent expressive force it represents the seat and the means for the performance of normative identity and at the same time of alterity The essays of the collection address the manifold articulations of this topic demonstrating how the inscription of the body within the discursive spheres of gender identity sexuality law and politics align its materiality with discourses whose effects are themselves material The aesthetic and performative dimension of law inform the debates on the juridical constitution of authority as well as its reflection on the formation and the moulding of individual subjectivity Moreover the inherently theatrical elements of the law find an analogy in the popular theatre where juridical practices are represented challenged occasionally subverted or created The works analyzed in the volume in their ample spectre of topics and contexts aim at demonstrating how in the Renaissance period the body was the privileged focus of the social legal and cultural imagination *Magnificence in the Seventeenth Century* Gijs Versteegen, Stijn Bussels, Walter Melion, 2020-11-23 This volume explores the concept of magnificence as a social construction in seventeenth century Europe Although this period is often described as the Age of Magnificence thus far no attempts have been made to investigate how the term and the concept of magnificence functioned The authors focus on the way crucial ethical religious political aesthetic and cultural developments interacted with thought on magnificence in Catholic and Protestant contexts analysing spectacular civic and courtly festivities and theatre impressive displays of

painting and sculpture in rich architectural settings splendid gardens exclusive etiquette grand households and learned treatises of moral philosophy Contributors Lindsay Alberts Stijn Bussels Jorge Fernandez Santos Anne Madeleine Goulet Elizabeth den Hartog Michelle Caroline Heck Miguel Hermoso Cuesta Jos Eloy Hortal Muñoz Félix Labrador Arroyo Victoire Malenfer Alessandro Metlica Alessandra Mignatti Anne Françoise Morel Matthias Roick Kathrin Stocker Klaas Tindemans and Gijs Versteegen
