the first group of successful women to capture the public eye taking to the stage in vaudeville and film and redefining their
place in society June Sochen introduces the white African American and Latina women who danced on Broadway fell on
bananas in silent films and wisecracked in smoky clubs as well as the modern icons of today s movies and popular music S
ochen considers such women as Mae West Bette Davis Shirley Temple Lucille Ball and Mary Tyler Moore to discover what
show business did for them and what they did for the world of entertainment She uses the life of 30s and 40s Latina star
Lupe Velez as a case study of the roles available to Latinas in popular culture She then contrasts her story with that of the
African American action star Pam Grier to demonstrate the old and new ways minority women are portrayed in popular
culture From Mae to Madonna places each woman within the context of her time and talks about her relationship with
dominant female stereotypes Sochen discusses women s roles as Mary Eve and Lilith and asks thought provoking questions
Why did the Depression give women movie stars so many important roles while the so called feminist 1970s did not Why has
television been a congenial venue for women comics while film has not In examining how entertainers worked within or
transformed particular genres and how their personal and public lives affected their careers From Mae to Madonna casts the
spotlight on a series of remarkable women and their dramatic effect on America s popular culture **Collier's Once a**
