We know that the Bible creation stories had their origins in far older tales These stories strongly match the Old Testament and originate from clay tablets discovered in ancient Sumeria and Babylonia They are the oldest preserved stories the world has ever known revealed in this interesting book and passed down for many centuries before being adopted by whoever wrote the Old Testament It seems the Word of God may not have come in its entirety from God but gods It is important that the earliest sources of our belief systems be examined That is the purpose of this book     **Babylonian Influence on the Bible and Popular Beliefs** Abram Smythe Palmer, 1897
