Earls, 2016-10-12 Droplets of evil had diluted and eventually dispersed the white power of the sun's special light The special light had a purpose It was created for such a time as this The purpose carried a good intent but some devilry had diluted and dispersed the good intent It was remembered by those occasions when rainbows arched the sky The rainbows appeared less to men and others forgot But most men had forgotten the purpose of the rainbows reminder and most men and others had never known the purpose of the special light It was always known by a few that such a time as this would come The few intent on good feared the coming of such a time Now the greater number who were evil were aware that the time or a time had come They were at first unaware that the special light might reconvene as a whole and that the white power of the whole might thwart their intent These others were not men not human Though they had man's outward appearance most were subhuman some were superhuman Evil intent rested with the superhuman but to them the intent was not evil just inevitable

Only those carried upon the waves of the special light had the energy to combat the evil intent and then it was only when they came together

Dining with Milton and Bunyan and other comic verse Peter Goulding, 2018-01-05 Peter Goulding's fourth or maybe fifth who's counting book of comic verse again delves the murky depths of the poet's imagination. There are still plenty of poems about murdering his wife and disposing of her body but there are darker poems too: the proliferation of tomatoes on Jupiter, the birth of Princess Charlotte and his critiques of the counties of Tipperary and Offaly to name but four. His mind, which to be frank would be put to much better use learning a trade or simply vegetating, is again employed solving many of the world's problems in rhyming couplets, villanelles and other fiendish weapons of mass destruction. Comes with a cultural health warning.

An Unexpected Quorum Jeremy Kamper, 2014-01-31 When Jair is awakened from a bizarre dream by a familiar but chilling sound, it begins a series of unusual events that threaten the planning of his upcoming wedding to Terah. Refusing to let these strange occurrences alter their plans, Jair chooses to overlook them. But when Terah is kidnapped on their wedding night, the young husband can no longer ignore what is happening. With the help of his brothers and some new acquaintances, Jair sets out to recover his stolen bride. Each day brings greater adventure and mystery as the band of men travel farther from home. They will encounter Cloaks and Sapient, large cities and ruthless rulers and rare stones with curious markings. Each of these encounters will bring greater questions and few answers. Who took Terah, why and where is he going? What are the markings on the stones and how are they connected? Why would a Cloak attack a group of undistinguished travelers like them? To Jair, these questions are important but not as important as the one he continues to ask himself: Will he ever see his wife again?

RYSE of the 1NES - The Watchers Jason Caston, 2025-07-02 They vowed to guard reality. Now reality is fighting back. For centuries the Watchers have stalked the orchards and ruins of RYSE, convinced that a single unchecked spark of illusion will reopen the world-shattering Rupture. Their creed is simple: Ward the light, bind the echoes, let no dark ascend. When Kofi, a village blacksmith, coaxes graceful spiral flames from his anvil, flames that heal instead of harm, the Watchers feel their gospel cracking. Commander Naima leads her squad through fog-drenched groves, haunted libraries and a fortress of living fruit stone to hunt the boy, suppress the rising orchard-hush energy and unearth fragments of caretaker Mosi's forbidden diaries. Each page whispers the same heresy: Illusion can mend as well as break. If
