East-West Literary Imagination Yoshinobu Hakutani,2017-06-30 This study traces the shaping presence of cultural
 interactions arguing that American literature has become a hybridization of Eastern and Western literary traditions Cultural
 exchanges between the East and West began in the early decades of the nineteenth century as American transcendentalists
 explored Eastern philosophies and arts Hakutani examines this influence through the works of Emerson Thoreau and
 Whitman He further demonstrates the East West exchange through discussions of the interactions by modernists such as
 Yone Noguchi Yeats Pound Camus and Kerouac Finally he argues that African American literature represented by Richard
 Wright Ralph Ellison Alice Walker Toni Morrison and James Emanuel is postmodern Their works exhibit their concerted
 efforts to abolish marginality and extend referentiality exemplifying the postmodern East West crossroads of cultures A fuller
 understanding of their work is gained by situating them within this cultural conversation The writings of Wright for example
 take on their full significance only when they are read not as part of a national literature but as an index to an evolving
 literature of cultural exchanges **Chinese Poetry, 2nd ed., Revised** Wai-lim Yip,1997-04-21 This is the first paperback
 edition of a classic anthology of Chinese poetry Spanning two thousand years from the Book of Songs circa 600 B C to the ch
 form of the Yuan Dynasty 1260 1368 these 150 poems cover all major genres that students of Chinese poetry must learn
 Newly designed the unique format of this volume will enhance its reputation as the definitive introduction to Chinese poetry

while its introductory essay on issues of Chinese aesthetics will continue to be an essential text on the problems of translating such works into English Each poem is printed with the original Chinese characters in calligraphic form coordinated with word for word annotations and followed by an English translation Correcting more than a century of distortion of the classical Chinese by translators unconcerned with the intricacies and aesthetics of the Chinese language these masterful translations by Wai lim Yip a noted and honored translator and scholar allow English readers to enter more easily into the dynamic of the original poems Each section of the volume is introduced by a short essay on the mode or genre of poem about to be presented and is followed by a comprehensive bibliography **Haiku and Modernist Poetics** Y. Hakutani, 2009-08-31 This book examines the genesis and development of haiku in Japan and traces its impact on modernist poetics This study shows that the most pervasive East West artistic cultural and literary exchange that has taken place in modern and postmodern times was in the reading and writing of haiku in the West Hakutani roots Y B Yeats symbolism in cross cultural visions reveals Ezra Pound s imagism to have originated in haiku and discusses some of the finest haiku written by Jack Kerouac Richard Wright Sonia Sanchez and James Emanuel
