Douglas,1993 Animals and the Environment Lisa Kemmerer,2015-05-01 Contemporary Earth and animal activists rarely
collaborate perhaps because environmentalists focus on species and ecosystems while animal advocates look to the individual
and neither seems to have much respect for the other This diverse collection of essays highlights common ground between
earth and animal advocates most notably the protection of wildlife and personal dietary choice If earth and animal advocates
move beyond philosophical differences and resultant divergent priorities turning attention to shared goals both will be more
effective and both animals and the environment will benefit Given the undeniable seriousness of the environmental problems
that we face including climate change and species extinction it is essential that activists join forces Drawing on a wide range
of issues and disciplines ranging from wildlife management hunting and the work of NGOs to ethics ecofeminism religion and
animal welfare this volume provides a stimulating collection of ideas and challenges for anyone else who cares about the
environment or animals **A Lover's Quarrel** Carmine Starnino,2004 Already an award winning poet Carmine Starnino has
also made his mark as a literary critic of great pluck probity and irreverence His highly regarded often highly controversial
writings on poetry have enlivened and often enraged the Canadian literary scene since they first began appearing in the late
