

Preparing Your Three-Part Cards

First, print the following pages of the PDF file on letter-size (8 1/2" by 11") cardstock. You can go ahead and use them like that, but laminating greatly extends the life of the cards. Cut the cards into separate parts on the dotted lines. This may also assist in round the corners for durability and to make them easier to handle. This can be done by hand with scissors or with a round corner punch. Each page will produce two complete sets of three-part cards.

1. Print 
2. Laminate 
3. Cut

Using Three-Part Cards

Three-part cards are used to build vocabulary, enrich language and are the foundation of classification, reading, writing, culture, geography and art.

Depending on the child's age, the cards can be used in several different ways:

- Children aged 2-3 can use the picture cards without labels for basic identification and vocabulary activities. Try matching picture to object using figures or your face copies and match picture to picture.
- Children aged 3-4 can use the picture cards with and without labels to begin making connections between letters and sounds. Ask them to identify cards that show things beginning with certain sounds or match words to words.
- Children aged 4-5 can use the cards with and without the labels as a matching lesson, matching label to picture. They are able to check their own work by referring to the picture with label card as a control of error.
- Children aged 5-6 can use the cards as a writing lesson, practicing both printing and spelling.
