Through the years there have been loves and losses We all have them move forward in hope of becoming a better person Celebrating and cherishing special times as well I especially dedicate this book to those who have caused my heart to flutter and my pen to swirl Many quiet days and evenings I have sat and reflected upon love nature and God and Angels With candles lit and a fire blazing in the fireplace or being still and listening to nature words began to flow as if someone was whispering them to me Thoughts smiles tenderness kisses and holding people near to my heart make me smile and light up my soul Thoughts of beyond this life of once again being with loved ones and hopefully to have touched their lives in the same way they have touched mine When was the last time you received a hand written letter Remember the love letters you received when you were young How you felt Such an innocent expression of how their heart and soul felt I hope you have these memories In high school my boyfriend knew which friends would be in my classes Every day he asked them to give me notes They were folded like a football What made it even sweeter we would see each other between classes and after school and yet he still gave love letters to me I did the same We spoke and fantasized about life together To be married and what our children would be named It was innocent and beautiful We were never afraid We simply expressed our love for one another Shortly after high school he passed away And yet he still is with me and leaves me dimes and often in the strangest of places At times I smell his cologne and can feel his arms around me Protecting me Caring for me Perhaps one day I may put our love letters in a book These are memories to treasure The losses within my life have taught me to express my love What if the one you love is gone tomorrow and you didn't get to tell them how much you love them and how blessed you have been and what a better person you are for having them in your life Love is what we long for most in life Embrace it and express how you feel To yourself be true live with no regrets Crave all before us when souls are close Time is an orchestrated symphony God bless you Susan
