Wharton, 1984 *Working Class Cultures in Britain, 1890-1960* Prof Joanna Bourke, Joanna Bourke, 2008-01-28 Integrating a variety of historical approaches and methods Joanna Bourke looks at the construction of class within the intimate contexts of the body the home the marketplace the locality and the nation to assess how the subjective identity of the working class in Britain has been maintained through seventy years of radical social cultural and economic change She argues that class identity is essentially a social and cultural rather than an institutional or political phenomenon and therefore cannot be understood without constant reference to gender and ethnicity Each self contained chapter consists of an essay of historical analysis introducing students to the ways historians use evidence to understand change as well as useful chronologies statistics and tables suggested topics for discussion and selective further reading **The Intellectual Life of the British Working Classes** Jonathan Rose, 2008-10-01 Which books did the British working classes read and how did they read them How did they respond to canonical authors penny dreadfuls classical music school stories Shakespeare Marx Hollywood movies imperialist propaganda the Bible the BBC the Bloomsbury Group What was the quality of their classroom education How did they educate themselves What was their level of cultural literacy how much did they know about politics science history philosophy poetry and sexuality Who were the proletarian intellectuals and why did they pursue the life of the mind These intriguing questions which until recently historians considered unanswerable are addressed in this book Using innovative research techniques and a vast range of unexpected sources *The Intellectual Life of the British Working Classes* tracks the rise and decline of the British autodidact from the pre industrial era to the twentieth century It offers a new method for cultural historians an audience history that recovers the responses of readers students theatergoers filmgoers and radio listeners Jonathan Rose provides an intellectual history of people who were not expected to think for themselves told from their perspective He draws on workers memoirs oral history social surveys opinion polls school records library registers and newspapers Through its novel and challenging approach to literary history the book gains access to politics ideology popular culture and social relationships across two centuries of British working class experience Entangling Alliances Susan Zeiger, 2010-03-22 Throughout the twentieth century American male soldiers returned home from wars with foreign born wives in tow often from allied but at times from enemy nations resulting in a new official category of immigrant the allied war bride These brides began to appear en masse after World War I peaked after World War II and persisted through the Korean and Vietnam Wars GIs also met and married former enemy women under conditions of postwar occupation although at times the US government banned such unions In this comprehensive complex history of war brides in 20th century American history Susan Zeiger uses relationships between American male soldiers and foreign women as a lens to view larger issues of sexuality race and gender in United States foreign relations *Entangling Alliances* draws on a rich

array of sources to trace how war and postwar anxieties about power and national identity have long been projected onto war brides and how these anxieties translate into public policies particularly immigration Talk of Many Things Margaret Wharton, 2005-09 In her fourth book of memoirs Margaret Wharton continues her G I bride reminiscences as she paints a picture of life in England before during and after World War II Emphasizing the years from her arrival in the United States until her retirement in Chapel Hill North Carolina she tells of her initial homesickness as she is assimilated into a new way of life and describes her years as a housewife in a small suburban town as she raises two sons and resumes her teaching career She relates the many travels that she and her husband made together the accounts taken from the detailed journals she assiduously kept of the trips She also tells something of the Southern family she married into and goes on to talk of the retirement life she and her husband lead in Chapel Hill Her book is a highly polished piece of work comprising an ingenious blend of people places history geography and literature Mrs Wharton has a vast knowledge of history and excellent control of language along with a vivid descriptive flair She reproduces her experiences with clarity and conviction *Talk of Many Things* offers a colorful informative and individual account of a unique experience shared by a number of young women not only from England but from many other countries in the immediate post war years **Good-bye, Piccadilly** Jenel Virden, 1996 Though the women came to the U S from all parts of the British Isles they were an unusually homogeneous group averaging 23 years of age from working or lower middle class families and having completed mandatory schooling to the age of fourteen For the most part they emigrated alone and didn't move into an existing immigrant population *The Autobiography of the Working Class* John Burnett, David Vincent, David Mayall, 1984 **The North Carolina Historical Review**, 1986 **British Books in Print**, 1985
