Montgomery, 2018-12-05 Celeste Parrish and Educational Reform in the Progressive Era South follows a Civil War orphan's transformation from a Southside Virginia public school teacher to a nationally known progressive educator and feminist In this vital intellectual biography Rebecca S Montgomery places feminism and gender at the center of her analysis and offers a new look at the postbellum movement for southern educational reform through the life of Celeste Parrish Because Parrish's life coincided with critical years in the destruction and reconstruction of the southern social order her biography provides unique opportunities to explore the links between southern nationalism reactionary racism and gender discrimination Parrish's pursuit of higher education and a professional career pitted her against male opponents of coeducation who regarded female and black dependency as central to southern regional distinctiveness When coupled with women's lack of formal political power this resistance to gender equality discouraged progress and lowered the quality of public education throughout the South The marginalization of women within the reform movement headed by the Conference for Education in the South further limited women's contributions to regional change Although men welcomed female participation in grassroots organization much of women's work was segregated in female networks and received less public acknowledgement than the reform work conducted by men Despite receiving little credit for their accomplishments by working on the margins women were able to use the southern movement and its philanthropic sponsors as alternate sources of influence and power By exploring the consequences of gender discrimination for both educational reform and the influence of southern progressivism Rebecca S Montgomery contributes a nuanced understanding of how interlocking hierarchies of power structured opportunity and influenced the shape of reform in the U S South **The Trial of Democracy** Xi Wang, 2012-01-01 After the Civil War Republicans teamed with activist African Americans to protect black voting rights through innovative constitutional reforms a radical transformation of southern and national political structures The Trial of Democracy is a comprehensive analysis of both the forces and mechanisms that led to the implementation of black suffrage

and the ultimate failure to maintain a stable northern constituency to support enforcement on a permanent basis The reforms stirred fierce debates over the political and constitutional value of black suffrage the legitimacy of racial equality and the proper sharing of power between the state and federal governments Unlike most studies of Reconstruction this book follows these issues into the early twentieth century to examine the impact of the constitutional principles and the rise of Jim Crow Tying constitutional history to party politics *The Trial of Democracy* is a vital contribution to both fields The History Teacher, 1974 *The Pullman Strike and the Crisis of the 1890s* Richard Schneirov, Shelton Stromquist, Nick Salvatore, 1999 The Pullman strike of 1894 shut down the rail system from Chicago to the West Coast culminating two decades of labor unrest and helping to define an epochal transition in American history In this wide ranging collection leading labor historians use the prism of the Pullman strike to broaden our understanding of the crisis of the 1890s By examining the strike in the context of continuities and changes in labor organization the influences of gender and community the public representation and contested meaning of labor conflict the emergence of a new politics of progressive reform the development of a regulatory state and a changing legal environment these essays resituate the Pullman conflict in its historical context Illuminating one of the most important events in labor's past *The Pullman Strike and the Crisis of the 1890s* testifies to the pivotal importance of the Pullman conflict and its aftermath for understanding the course of American history

Reconstruction and Reform Joy Hakim, 1994 A history of the Reconstruction period and the movements of reform immigration industrialization and urbanization *The Age of Reconstruction* Don H. Doyle, 2024-06-11 A sweeping history of how Union victory in the American Civil War inspired democratic reforms revolutions and emancipation movements in Europe and the Americas *The Age of Reconstruction* looks beyond post Civil War America to tell the story of how Union victory and Lincoln's assassination set off a dramatic international reaction that drove European empires out of the Americas hastened the end of slavery in Latin America and ignited a host of democratic reforms in Europe In this international history of Reconstruction Don Doyle chronicles the world events inspired by the Civil War Between 1865 and 1870 France withdrew from Mexico Russia sold Alaska to the United States and Britain proclaimed the new state of Canada British workers demanded more voting rights Spain toppled Queen Isabella II and ended slavery in its Caribbean colonies Cubans rose against Spanish rule France overthrew Napoleon III and the kingdom of Pope Pius IX fell before the Italian Risorgimento Some European liberals including Victor Hugo and Giuseppe Mazzini even called for a United States of Europe Yet for all its achievements and optimism this new birth of freedom was short lived By the 1890s Reconstruction had been undone in the United States and abroad and America had become an exclusionary democracy based on white supremacy and a very different kind of model to the world At home and abroad America's Reconstruction was as W E B Du Bois wrote the greatest and most important step toward world democracy of all men of all races ever taken in the modern world *The Age of Reconstruction* is a bracing history of a remarkable period when democracy having survived the great test of the Civil War

was ascendant around the Atlantic world **Populism in the South Revisited** James M. Beeby, 2012-01-26 The Populist Movement was the largest mass movement for political and economic change in the history of the American South until the Civil Rights Movement of the 1950s and 1960s The Populist Movement in this book is defined as the Farmers Alliance and the People's Party as well as the Agricultural Wheel and Knights of Labor in the 1880s and 1890s The Populists threatened the political hegemony of the white racist southern Democratic Party during populism's high point in the mid 1890s and the populists threw the New South into a state of turmoil Populism in the South Revisited New Interpretations and New Departures brings together nine of the best new works on the populist movement in the South that grapple with several larger themes such as the nature of political insurgency the relationship between African Americans and whites electoral reform new economic policies and producerism and the relationship between rural and urban areas in case studies that center on several states and at the local level Each essay offers both new research and new interpretations into the causes course and consequences of the populist insurgency One essay analyzes how notions of debt informed the Populist insurgency in North Carolina the one state where the Populists achieved statewide power while another analyzes the Populists failed attempts in Grant Parish Louisiana to align with African Americans and Republicans to topple the incumbent Democrats Other topics covered include populist grassroots organizing with African Americans to stop disfranchisement in North Carolina the Knights of Labor and the relationship with populism in Georgia organizing urban populism in Dallas Texas Tom Watson's relationship with Midwest Populism the centrality of African Americans in populism a comparative analysis of Populism across the Deep South and how the rhetoric and ideology of populism impacted socialism and the Garvey movement in the early twentieth century Together these studies offer new insights into the nature of southern populism and the legacy of the People's Party in the South **The Bible, the School, and the Constitution** Steven K.
