Fenech, 2021-01-14 On the 30th of March 1699 the Sikh Guru Gobind Singh called together a special assembly at the Keshgarh Fort at Anandpur Following the morning devotions the Guru asked for a volunteer saying The entire sangat is very dear to me but is there a devoted Sikh who will give his head to me here and now A need has arisen at this moment which calls for a head One man arose and followed the Guru out of the room When the Guru returned to the assembly with a bloodied sword he asked for another volunteer Another man followed This was repeated three more times until at last the Guru emerged with a clean sword and all five men alive and well Those five volunteers would become the first disciples of the Khalsa the martial community within the Sikh religion and would come to be known as the Panj Piare or the Cherished Five Despite the centrality of this group to modern Sikhism scholarship on the Panj Piare has remained sparse Louis Fenech's new book examines the Khalsa and the role that the the Panj Piare have had in the development of the Sikh faith over the past three centuries *Studying the Sikhs* John Stratton Hawley, Gurinder Singh Mann, 1993-07-01 This basic guide and resource book targets four fields religious studies history world literature and ethnic or migration studies in which Sikhism is now receiving greater attention The authors explain the problems of studying and interpreting Sikhism and opportunities for integrating Sikh studies into a broader curriculum in each field They also provide a sense of the Sikh community's own approach to education and evaluate materials and approaches at the North American university level Included are a sample syllabus with an explanatory essay a bibliographical guide a glossary and a general bibliography Gurinder Singh Mann's review of his course on Sikhism is an effective mini guide to the field as a whole *Fighting Words* John Renard, 2012-12-31 One of the critical issues in interreligious relations today is the connection both actual and perceived between sacred sources and the justification of violent acts as divinely mandated *Fighting Words* makes solid text based scholarship accessible to the general public beginning with the premise that a balanced approach to religious pluralism in our world must build on a measured well informed response to the increasingly publicized and sensationalized association of terrorism and large scale violence with religion In his introduction Renard provides background on the major scriptures of seven religious traditions Jewish Christian including both the Old and New Testaments Islamic Baha'i Zoroastrian Hindu and Sikh Eight chapters then explore the interpretation of select facets of these scriptures focusing on those texts so often claimed both historically and more recently as inspiration and justification for every kind of violence from individual assassination to mass murder With its nuanced consideration of a complex topic this book is not merely about the religious sanctioning of violence but also about diverse ways of reading sacred textual sources
