Reconstruction Of The Christian Revelation Claim A Philosophical And Critical Apologetic:

The Reconstruction of the Christian Revelation Claim Stuart C. Hackett, 2009-01-07 Dr Hackett provides in digestible form a comprehensive systematic and pervasively philosophical apologetic for the Christian revelation claim. Although the approach is seriously philosophical, the text is free as possible of the earmarks of technical scholarship, reflecting the author's aspiration to reach the common person who has a deep interest in such questions. Thus, although positions, arguments, and counter arguments are discussed, of necessity these are set forth without distracting encumbrances. Specifically, this book is designed as a substantial textbook for college and seminary courses in apologetics. In his thorough introduction, *Philosophical Prolegomena*, a firm base for the whole study is established by initiating the reader firmly in epistemology and the concept of revelation. The main divisions are: Christianity and the Revelation Cosmos; A Philosophical Case for a Theistic Metaphysics; Christianity and the Revelational Person; An Historical Critical Case for the Incarnation of God in Jesus Christ; Christianity and the Revelational Word; The Propositional Expression of Revelation in Scripture. Dr Hackett includes on every page parallel marginal summaries and outlines to guide the reader and to facilitate ready reference. *The Reconstruction of the Christian Revelation Claim* Stuart Cornelius Hackett, 1984 **The Resurrection of Theism** Stuart C. Hackett, 2009-01-21

The Christian world view contends the author both needs and embodies a thoroughgoing rational apologetic as a manifestation of its relevance to the contemporary mind. Christian faith should be defended in terms of criteria which center in rational objectivity as the norm of truth and evaluation. The author, who stands in the tradition of Aquinas, Butler, Orr, and Tennant, deals first with the problem of epistemological approach, part 1. Then he tackles the apologetic of natural revelation, first setting forth the inadequacy of every major alternate to rational empiricism, part 2, then demonstrating the existence of the God of theism, part 3. Each chapter is well outlined, and these outlines appear together in an Analytical Table of Contents. This feature, as well as a bibliography and index, makes this a useful textbook for courses in apologetics and philosophy.

The Big Book of Christian Apologetics Norman L. Geisler, 2012-11-01 The Big Book of Christian Apologetics is a comprehensive resource designed to equip motivated believers with information to help defend and explain their faith. Examining nearly every key issue, person, and concept related to Christian apologetics, this book clarifies difficult biblical passages, clearly explains various philosophical systems and concepts, examines contemporary issues and challenges, and offers classic apologetic arguments, all with the aim of giving readers the background to intelligently and persuasively talk about their Christian faith with skeptics. An expertly abridged version of the Baker Encyclopedia on Christian Apologetics, this resource brings leading apologist Norman L. Geisler's seminal work to the masses. [Atheism Is False](#) [Richard Dawkins and the Improbability of God](#) [Delusion](#) David Reuben Stone, 2007-08-01 David Reuben Stone presents a modern defense of the existence of God. Two new arguments are presented: The Argument From The Laws Of Physics and the Fine Tuning Argument. The atheism of Richard Dawkins is refuted in great detail, as well as writings of the following atheistic authors: Quentin Smith.

Michael Martin William Rowe Victor Stenger Theodore Drange J L Schellenberg Nicholas Everitt Michael Ikeda Bill Jefferys Theodore Schick Jr Wesley C Salmon Walter Sinnott Armstrong Victor Cosculluela Thomas Metcalf and Bruce and Frances Martin The defenses of atheism by these leading thinkers now stand thoroughly critiqued and in need of substantial revision A must read for anyone interested in the existence of God The defense of Hugh Ross s fine tuning arguments against objections raised by Ikeda and Jefferys is alone worth the price of this book David Reuben Stone is president and founder of Atheism Is False Ministries www.atheismisfalse.com

Church as Parable Harry J. Huebner, David Schroeder, 2018-07-10 At the heart of this book is the conviction that moderns have lost their ability to think morally and theologically Moral language such as right wrong and ought is seen as meaningless Modern society and frequently the church have adopted an emphasis on individual freedom and choice in which all is a matter of personal attitude or opinion Then God plays little or no role In this important volume Harry Huebner and David Schroeder analyze our moral predicament and its implications They build a case for an ethical approach based on Scripture and the centrality of God and Jesus Christ an approach in which the church plays an integral role

The Kalam Cosmological Argument, Volume 1 Paul Copan, William Lane Craig, 2017-11-16 Did the universe begin to exist If so did it have a cause Or could it have come into existence uncaused from nothing These questions are taken up by the medieval though recently revived kalam cosmological argument which has arguably been the most discussed philosophical argument for God s existence in recent decades The kalam s line of reasoning maintains that the series of past events cannot be infinite but rather is finite Since the universe could not have come into being uncaused there must be a transcendent cause of the universe s beginning a conclusion supportive of theism This anthology on the philosophical arguments for the finitude of the past asks Is an infinite series of past events metaphysically possible Should actual infinities be restricted to theoretical mathematics or can an actual infinite exist in the concrete world These essays by

kalam proponents and detractors engage in lively debate about the nature of infinity and its conundrums about frequently used kalam argument paradoxes of Tristram Shandy the Grim Reaper and Hilbert's Hotel and about the infinity of the future

Stepping Stones to Christianity Peter S. Williams, 2025-10-17 Stepping Stones to Christianity introduces a rational case for Christianity in three steps starting with scientific arguments for design in cosmology and biology moving on to philosophical arguments for the existence of God and closing with an overview of the evidence for a Christian understanding of the historical Jesus in the context of competing contemporary worldviews By bringing together revised and expanded versions of materials written to introduce three of the author's Essays on books with Wipf Stock Stepping Stones to Christianity equips readers to consider the case for design in nature to investigate philosophical arguments for God and to wrestle with the identity of Jesus

Approaching the World's Religions, Volume 2 Robert Boyd, 2017-06-20 Evangelical theology strives to be evangelical conservative and contemporary In a world in which everyone is Christian evangelical theology provides a balanced position between fundamentalism and liberalism While theological debates within the family will occur to be evangelical is a breath of fresh air for many However we do not live in such a world We do find ourselves living in a secular global society It is secular because no religious organization dictates how we live our lives It is global for at least two reasons First our technology brings us immediately in contact with those faraway places Second and of more importance we can simply step outside our front doors and encounter our neighborhoods that reflect a global pluralism This raises the question how shall we then live The intent of An Evangelical Theology of Religions is to suggest a direction for evangelicals to think about the secular global society in which they live in a way that is not only conservative but also evangelical and contemporary The final essay strives to address the evangelical aspect of our tradition that places an emphasis on the Great Commission and the law of love
