Giovanni Battista Rubini and the Bel Canto Tenors Dan H. Marek,2013-06-06 Giovanni Battista Rubini 1794 1854 was a legendary tenor and the first 19th century non castrati male singer to become an international star of opera The previous two centuries had been the era of the castrati with tenors and basses relegated to character and supporting roles in the operas of their time Rubini stood apart because he not only matched the castrati in coloratura and pathos but he also had an extraordinarily high voice With Rubini s rise and in his wake several tenors came to sing roles written specifically for them by Rossini Bellini Donizetti and many other lesser known bel canto composers Signaling the end of the dominance of castrati on stage this period would last some forty years until the advent of grand opera Wagner and Verdi and the appearance of the first so called High C from the chest by Gilbert Louis Duprez in 1837 Since then the accepted tenor sound has followed the tradition epitomized by Enrico Caruso and in our own era Luciano Pavarotti and Placido Domingo Many composers

conductors and performers would come to regard bel canto dramatic operas as decorative and vapid until Maria Callas and Tulio Serafin demonstrated the heights this genre of opera could reach. However, opera directors and opera performers of late who have expressed an interest in reviving selected masterpieces from the bel canto tradition have found themselves confronted with the problem of locating tenors versed in the vocal techniques necessary to carry the high tessituras. In *Giovanni Battista Rubini and the Bel Canto Tenors: History and Technique*, Dan H. Marek explores the extraordinary life of Rubini in order to frame this special period in the history of opera and connect the technique of the castrati who were among Rubini's instructors. Drawing on the work of Berton Coffin, Marek offers long sought answers to the challenges presented by high tessitura of bel canto operas for tenors. To further assist working singers, *Giovanni Battista Rubini and the Bel Canto Tenors* includes over sixty pages of exercises written by Rubini himself before 1840 which Marek, for the first time ever, has adapted to acoustical phonetics. Professional singers, teachers and their students, vocal coaches and opera conductors will find this work indispensable as the only English language work on high tessitura for tenor and soprano singing.

International History of the Recording Industry Pekka Gronow, Ilpo Saunio, 1999-07-26 This book explores the fascinating world of the record business: its technology, the music and the musicians from Edison's phonograph to the compact disc. The great artists Caruso, Toscanini, Louis Armstrong, Elvis Presley and their successors all achieved fame through the medium of records and in turn have influenced the recording industry. But just as important are the record producers, those invisible figures who decide from behind the scenes how a record will sound. The history of recording is also the history of record companies; the book follows the vicissitudes of the multinational giants without neglecting the small pioneering labels which have brought valuable new talents to the fore.

The Routledge Guide to Music Technology Thom Holmes, 2013-10-18 First published in 2006, this guide is an A to Z trade reference aimed at music students, technophiles and audio/video computer users. The world of music technology has exploded over the last decades thanks to introductions of new digital formats. At the same time there has been a renaissance in analog high fidelity equipment and resurgent interest in turntables, long playing records and vintage stereo systems. Music students, collectors and consumers will appreciate the availability of a guide to all things musical in the technological universe.

"O ma Carmen" Victoria Etnier Villamil, 2017-07-06 Qu'est-ce que c'est? What is it? mezzo soprano Celestine Galli Marie asked when offered the title role in the 1875 premier of Bizet's new opera *Carmen*. She was only the first in a long line of performers to ask. In the 140 years since, each singer has crafted her own portrayal of the inscrutable Gypsy. The famous soprano Geraldine Farrar wrote: Each one of us probably sees something that the others have not seen or thinks she does and that something is her individual *Carmen*. This book explores the history of operatic portrayals of Bizet's elusive enchantress, tracing the development of vocal and dramatic interpretations from generation to generation around the globe.
