Leah Dilworth

Red Grooms And The Heroism Of Modern Life:

Red Grooms and the Heroism of Modern Life Red Grooms, Joyce Henri Robinson, 1998-01-01 Red Grooms is a cross between Marcel Duchamp and P T Barnum Working in a brash freewheeling style Grooms has explored the raucous spectacle of life around him since his career began in the 1950s This catalogue which accompanied an exhibition of the same name at the Palmer Museum of Art brings together forty of his works to demonstrate that even his most whimsical creations have serious implications Many of the mixed media constructions in Red Grooms and the Heroism of Modern Life reflect upon America s love affair with sports business and celebrity The mixture of parody and homage in Grooms s portraits of such stars as Pablo Picasso and Fats Domino charges all his depictions of American popular culture from bulky football players and haggard shoppers to a brightly colored Ferris wheel In her essay for this catalogue Joyce Henri Robinson contends that Grooms should be should be considered a contemporary counterpart to Charles Baudelaire s Parisian flaneur Much like this famed character she observes Grooms approaches the world around him as a spectacle filled with novel forms of heroism In this regard the key work in the catalogue is an installation centered upon a full scale version of a New York City bus Grooms s Bus tempers revelation of the gritty realities of urban life with humor and flashes of poetry Red Grooms Red

Grooms, 2007 September 25 October 27 2007 **Acts of Possession** Leah Dilworth, 2003 The success of internet auction sites like eBay and the cult status of public television s Antiques Roadshow attest to the continued popularity of collecting in American culture Acts of Possession investigates the ways cultural meanings of collections have evolved and yet remained surprisingly unchanged throughout American history Drawing upon the body of theoretical work on collecting and focusing on individual as opposed to museum collections the contributors investigate how what and why Americans have collected and explore the inherent meanings behind systems of organization and display Essays consider the meanings of Thomas Jefferson s Indian Hall at Monticello the pedagogical theories behind nineteenth century children s curiosity cabinets collections of Native American artifacts and the ability of the owners of doll houses to construct meaning within the context of traditional ideals of domesticity The authors also consider some darker aspects of collecting hoarding fetishism and compulsive behavior scrutinizing collections of racist memorabilia and fascist propaganda The final essay posits the serial killer as a collector an investigation into the dangerous objectification of humans themselves By bringing fresh interdisciplinary critical perspectives to bear on these questions Dilworth and her coauthors weave a fascinating cultural history of collecting in America
