Ridge Of Fear:

Women and Children First Sharon M. Meagher, Patrice DiQuinzio, 2012-02-01 This diverse collection explores the rhetoric of a wide range of public policies that propose to put women and children first including homeland security school violence gun control medical intervention of intersex infants and policies that aim to distinguish good from bad mothers Using various feminist philosophical analyses the contributors uncover a logic of paternalistic treatment of women and children that purports to protect them but almost always also disempowers them and sometimes harms them This logic is widespread in contemporary popular policy discourse and affects the way that people understand and respond to social and political issues Contributors rethink basic philosophical assumptions concerning subjectivity difference and dualistic logic in order to read the rhetoric of contemporary public policy discourse and develop new ways of talking and acting in the policy domain

Wood, 2006-08-08 A MESSAGE TO TEACHERS AND PARENTS I am a reader When I was very young I was fortunate to have a wonderful primary teacher who recognized the reader in me and fed it with an unending stream of books Though she is worthy of much more this first book is dedicated to her There was a delightful little library on Main Street in Salem Virginia It was quaint and inviting in its park like setting and I was privileged to spend many hours there I remember though that the books did not jump off the shelves at me Sometimes they sat there and put up a passive resistance almost as if they were the enemy of my desire to read Still I persevered and I found good books to enjoy But I was motivated to read What of the student who is not

so motivated who can take reading or leave it to spend time in other ways Would we have that student spend time in those other ways never to learn the joy of reading a good story or to experience the thrill of becoming lost in a good book I hope not without a fight So that is what Nightmare at Indian Cave is about The title is chosen to jump off the shelf at the student The book is deliberately short I hope it will not intimidate even the most reluctant reader The chapters are not overly long and hopefully they will keep the reader's attention The subject matter should interest kids especially those from the mountains and rural settings The vocabulary is not difficult though it is not without the occasional challenge Dialogue is used extensively in the belief that it has a power to involve the reader One university English professor called the book a real page turner I considered that a great compliment because that is exactly what I intended the book to be I only hope he was right but I won't know until the book is in your student's hands Though this book is a fantasy and is a fiction in every respect I made some effort to be true to history Daniel Boone is known to have been in what is now Scott County Virginia at about this time Benge was not He came along a few years later Our Benge is the product of a boy's nightmare and though he may be based on the legend of Chief Robert Benge he is fictional The real Benge was probably Cherokee though opinion on that is divided The mention of beehive coke ovens may be noticed They have been dormant for some time now but I could not resist reviving them Tony and Jon are unwilling participants when they find themselves transported back into the year 1774 with Billy However it happened they are trapped with Billy in a nightmare adventure The monster Hargus a bear like pioneer and Benge's partner wants to kill Billy in a scheme for vengeance that transcends time and dimension Only the strong pioneer girl Emily can save the boys She doesn't understand how but she knows that she and Billy must somehow save themselves together As they are pursued by Hargus and Benge the boys' knowledge of the mountainous area becomes a factor in the survival of the pioneer town and its inhabitants and each of the boys and Emily are tested before they finally meet the evil Hargus in a fight to the death Middle School students should enjoy this book It was written for them however many older students and adults may find the story interesting Not enough has been written about the history of the Appalachian Mountains and their place in America's history The fascinating legend of the Melungeons is beginning to get some attention but so far much of what is written about these mountain people is contradictory or negative I don't attempt to throw light on that controversy I simply want to point out that these people were here when the first pioneers came to the Virginia mountains and they have a place in our history as well as our fiction The town of Guest's Crossing does not exist

Peaks—Wandering the Sky Trail MD Amrahs, 2025-07-13 This book is a reflective journey through the high mountains offering readers life lessons drawn from silence stone wind and altitude Instead of focusing on summits and conquests it explores what follows after the climb ends how the mountain shapes inner landscapes Written in clear accessible language it blends personal reflection cultural traditions natural beauty and spiritual insight Each chapter stands alone as a meditation on a place or moment from prayer flags fluttering in cold air to yaks walking ancient trails Readers will find both poetic

depth and practical wisdom lessons on breathing presence resilience and listening deeply to nature's voice Without technical jargon it welcomes both experienced climbers and armchair travelers It's a resource for educators parents seekers and anyone curious about how mountain experiences can heal and transform Ultimately it shows that the mountain's influence continues long after descent guiding daily life with quiet strength reverence and the wisdom of stillness **Judge Fear's Big Day Out** Michael Carroll, 2020-11-10 FROM THE PAGES OF THE JUDGE DREDD MEGAZINE A shopping mall where droids sell organs harvested from street trash A murderous imaginary friend A psychotic composer drafting music from pain All in a day's work for the Lawman of the Future Edited by and with an introduction by Dredd veteran Michael Carroll Judge Fear's Big Day Out and Other Stories gathers the very best short stories from more than a decade of the Judge Dredd Magazine including stories by legends Alan Grant Gordon Rennie and Simon Spurrier among countless others **Anzac Battlefield** Antonio Sagona, Mithat Atabay, C. J. Mackie, Ian McGibbon, Richard Reid, 2016-01-05 Anzac Battlefield A Gallipoli Landscape of War and Memory explores the transformation of Gallipoli's landscape in antiquity during the famed battles of the First World War and in the present day Drawing on archival archaeological and cartographic material this book unearths the deep history of the Gallipoli peninsula setting the Gallipoli campaign in a broader cultural and historical context The book presents the results of an original archaeological survey the research for which was supported by the Australian New Zealand and Turkish Governments The survey examines materials from both sides of the battlefield and sheds new light on the environment in which Anzac and Turkish soldiers endured the conflict Richly illustrated with both Ottoman and Anzac archival images and maps as well as original maps and photographs of the landscape and archaeological findings Anzac Battlefield is an important contribution to our understanding of Gallipoli and its landscape of war and memory **Harper's School Geography**, 1885 Includes section entitled Geography of Minnesota Iowa Nebraska Kansas and Missouri following page 128 **Blood Moon** John Sedgwick, 2019-04-16 An astonishing untold story from the nineteenth century a riveting engrossing American Epic The Wall Street Journal and necessary work of history that reads like Gone with the Wind for the Cherokee A vigorous well-written book that distills a complex history to a clash between two men without oversimplifying Kirkus Reviews Blood Moon is the story of the feud between two rival Cherokee chiefs from the early years of the United States through the infamous Trail of Tears and into the Civil War Their enmity would lead to war forced removal from their homeland and the devastation of a once proud nation One of the men known as The Ridge short for He Who Walks on Mountaintops is a fearsome warrior who speaks no English but whose exploits on the battlefield are legendary The other John Ross is descended from Scottish traders and looks like one a pale unimposing half pint who wears modern clothes and speaks not a word of Cherokee At first the two men are friends and allies who negotiate with almost every American president from George Washington through Abraham Lincoln But as the threat to their land and their people grows more dire they break with each other on the subject of removal In Blood Moon John Sedgwick restores the Cherokee to their rightful

place in American history in a dramatic saga that informs much of the country's mythic past today Fueled by meticulous research in contemporary diaries and journals newspaper reports and eyewitness accounts and Sedgwick's own extensive travels within Cherokee lands from the Southeast to Oklahoma it is a wild ride of a book fascinating chilling and enlightening that explains the removal of the Cherokee as one of the central dramas of our country Ian Frazier Populated with heroes and scoundrels of all varieties this is a richly evocative portrait of the Cherokee that is destined to become the defining book on this extraordinary people
