Right And Wrong How To Decide For Yourself:

Right and Wrong Hugh Mackay, 2011-01-23 In modern Western societies we are presented with a huge array of choices and encouraged to believe that having the freedom to choose sets us on the path to happiness Yet as renowned social commentator Hugh Mackay shows in *Right and Wrong* how to decide for yourself freedom to choose is no freedom at all unless it is accompanied by the confidence of knowing we have made the right choice In this insightful book Hugh Mackay suggests some personal strategies that will make it easier to work out what is right and wrong for you whenever you are confronted by a moral choice In an engaging conversational style Hugh confidently tackles the moral minefield of personal relationships business ethics the difference between legal and ethical morality and religion and why they should not be confused the benefits of moral mindfulness and the reasons why we should strive for a good life in which we are true to ourselves and sensitive to the wellbeing of others who might be affected by our actions

Right and Wrong Hugh Mackay, 2011-03-01 How can you be sure you're doing the right thing Can some actions be legally right yet morally wrong What are the rights and wrongs of leaving a relationship Are the rules different for sex Is it always wrong to tell a lie Why be good No one pretends that making moral choices is easy In this updated edition which includes a new prologue on the moral minefields of power and wealth Hugh Mackay argues that because morality is all about the way we treat each other we make our best decisions at work among friends in the neighbourhood in a marriage or a family when we imagine how our actions might affect the wellbeing of others Our moral choices actually help shape the kind of society we live in for better or worse At a time when many of us are struggling to navigate an ever more complex world *Right and Wrong* offers you the essential tools for making confident moral choices and for deciding what's right for you and for the people around you

Discourses of Religion and Secularism in Religious Education Classrooms Karin Kittelmann Flensner, 2017-07-07 This book answers the question on how students and teachers talk about religion when the mandatory and nonconfessional school subject of Religious Education is on the schedule in the world's most secular country To do this it analyses discourses of religion as they occur in the classroom practice It is based on findings from participant observation of Religious Education lessons in several upper secondary schools in Sweden The book discusses different aspects of the role and function of nonconfessional integrative Religious Education in an increasingly pluralistic multireligious yet also secularized society at a general level It looks at the religious landscape different perspectives on school subjects various models and the development of Religious Education and discourses of religion of a secularist spiritual and nationalistic nature Religious Education is a school subject that manoeuvres in the midst of a field that on the one hand concerns crucial knowledge in a pluralistic society and on the other hand deals with highly contested questions in a society characterized by diversity and secularity In the mandatory integrative and nonconfessional school subject of Religious Education in Sweden all students are taught together regardless of religious or secular affiliation The subject deals with major world religions important nonreligious worldviews and ethics from a non

confessional perspective Thus in the classroom individuals who identify with diverse religious and non religious worldviews with a different understanding of what religion could be and what it might mean to be religious are brought together The book examines questions raised in this pluralistic context What discourses of religion become hegemonic in the classroom How do these discourses affect the possibility of reaching the aim of Religious Education which concerns understanding and respect for different ways of thinking and living in a society characterized by diversity A Wiccan Bible A.J.

The Zen Manifesto: Freedom From Oneself Osho, 2023-03-17 It is time ripe time for a Zen manifesto The Western intelligentsia have become acquainted with Zen have also fallen in love with Zen but they are still trying to approach Zen from the mind They have not yet come to the understanding that Zen has nothing to do with mind Its tremendous job is to get you out of the prison of mind It is not an intellectual philosophy it is not a philosophy at all Nor is it a religion because it has no fictions and no lies no consolations It is a lion's roar And the greatest thing that Zen has brought into the world is freedom from oneself All the religions have been talking about dropping your ego but it is a very weird phenomenon they want you to drop your ego and the ego is just a shadow of God God is the ego of the universe and the ego is your personality Just as God is the very center of existence according to religions your ego is the center of your mind of your personality They have all been talking about dropping the ego but it cannot be dropped unless God is dropped You cannot drop a shadow or a reflection unless the source of its manifestation is destroyed
