Kleinig, 2017-07-05 This volume brings together a selection of the most important published research articles from the ongoing debate about the moral rights of prisoners The articles consider the moral underpinnings of the debate and include framework discussions for a theory of prisoners rights as well as several international documents which detail the rights of prisoners including women prisoners Finally detailed analysis of the moral bases for particular rights relating to prison conditions covers areas such as health solitary confinement recreation work religious observance library access the use of prisoners in research and the disenfranchisement of prisoners **Prisoners' Rights** John A. Fliter, 2001 Prisoners rights is

an area of constitutional law that is often overlooked Combining an historical and strategic analysis this study describes the doctrinal development of the constitutional rights of prisoners from the pre Warren Court period through the current Rehnquist Court Like many provisions in the Bill of Rights the meaning of the Eighth Amendment s language on cruel and unusual punishment and the scope of prisoners rights have been influenced by prevailing public opinion interest group advocacy and most importantly the ideological values of the nine individuals who sit on the Supreme Court These variables are incorporated in a strategic analysis of judicial decision making in an attempt to understand the constitutional development of rights in this area Fliter examines dozens of cases spanning 50 years and provides a systematic analysis of strategic interaction on the Supreme Court His results support the notion that justices do not simply vote their policy preferences some seek to influence their colleagues and the broader legal community In many cases there was evidence of strategic interaction in the form of voting fluidity substantive opinion revisions dissents from denial of certiorari and lobbying to form a majority coalition The analysis reaches beyond death penalty cases and includes noncapital cases arising under the Eighth Amendment habeas corpus petitions conditions of confinement cases and due process claims *Citizens' Rights in*
