Rimbaud Projets Et Realisations:

Rimbaud Graham Robb,2001-12 Unknown beyond the avant garde at the time of his death Arthur Rimbaud 1854 1891 has been one of the most destructive and liberating influences on early 20th century culture This new work by the biographer of Balzac and Victor Hugo now brings the haunting and haunted poet New York Times Book Review vividly to life of illustrations

Collected Poems Arthur Rimbaud,2001-06-07 Rimbaud the poet of revolt and the greatest Albert Camus Rimbaud is the enfant terrible of French literature the precocious genius whose extraordinary poetry is revolutionary in its visionary hallucinatory content and its often liberated forms He wrote all his poems between the ages of about 15 and 21 after which he turned his back on family friends and France to roam the world In his final years he was a trader in the Horn of Africa Out of the brief colourful life and the poetry of sensory wildness has been created the myth of Rimbaud an enduring icon of youth rebellion and freedom But behind the myth lies a poetic adventure of high ambition and painful rigour poignant yet heroic Rimbaud is one of the greatest French poets of all times This bilingual edition provides all of Rimbaud s poems with the exception of his Latin verses and some small fragments It also includes some of his prose pieces chosen because they offer a commentary on his poetic concerns ABOUT THE SERIES For over 100 years Oxford World s Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford s commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more Arthur Rimbaud Seth Whidden,2018-09-15 Before he turned twenty one Arthur Rimbaud 1854 91 had upended the house of French poetry and left it in shambles In this critical biography Seth Whidden argues that what makes Rimbaud s poetry important is part of what makes his life so compelling rebellion audacity creativity and exploration Almost all of Rimbaud s poems were written between the ages of fifteen and twenty Against the backdrop of the crumbling Second Empire and the tumultuous Paris Commune he took centuries old traditions of French versification and picked them apart with an unmatched knowledge of how they fitted together Combining sensuality with the pastoral parody political satire fable eroticism and mystery his poems range from traditional verse forms to prose poetry to the first two free verse poems written in French By situating Rimbaud s later writing in Africa as part of a continuum that spanned his entire life Whidden offers a corrective to the traditional split between Rimbaud s life as a poet and his life afterwards A remarkable portrait of the original damned poet Arthur Rimbaud reinvents a figure who continues to captivate readers artists and writers across the world The William J. Outsider Biographies Ian H. Magedera, 2014-09-01 Concerning itself with biography and bio fiction written in English and in French and also taking in American and Australian subjects Outsider Biographies focuses on writers who have a criminal record and on notorious criminals who authors of bio fiction consider as writers It pursues an understanding of the formal effects of life writers struggles between championing their subjects and a deep ambivalence towards their subjects crimes The book analyses the challenge that these literary outsiders present to the mainstream French and English language traditions where many biographers assign merit to productive lives well lived The book's approach illuminates both differences in those traditions from the mid-eighteenth to the twenty-first century and a convergence between them evident in the experimental cum fictional devices in recent English language biography Outsider Biographies advances wide-ranging new interpretations of the biographical writing on each of its seven subjects but does so in a way that invites the reader picking up the book out of a passion for just one of those subjects to follow the thread onto another and yet another
