Rio Claro Warren Dean, 1976 From Slavery to Freedom Seymour Drescher, 1999-05-17 The entries in this volume focus upon the rise and fall of the Atlantic slave system in comparative perspective The subjects range from the rise of the slave trade in early modern Europe to a comparison of slave trade and the Holocaust of the twentieth century dealing with both the history and historiography of slavery and abolition They include essays on British French Dutch and Brazilian abolition as well as essays on the historiography of slavery and abolition since the publication of Eric Williams's *Capitalism and Slavery* more than fifty years ago *Work and Labor in Early America* Stephen Innes, 1988 Ten leading scholars of early American social history here examine the nature of work and labor in America from 1614 to 1820 The authors scrutinize work diaries private and public records and travelers accounts Subjects include farmers farmwives ur **The Industrial Diet** Anthony Winson, 2014 Provides all the evidence anyone needs to understand the problems with our current food system Marion Nestle Professor of Nutrition Food Studies and Public Health at New York University A hugely informative book stocked full of careful analysis Amy Best Associate Professor of Sociology George Mason University **Generations Of Settlers** Mario Samper, 2019-03-04 This book presents conceptual issues regarding household commodity production and agrarian capitalism and refers to specific issues in Costa Rican historiography It discusses the regional case study addressing issues such as the role of peasant farming in the development of agro export production **Anthropologies and Histories** William Roseberry, 1989 Elegantly written essays Roseberry is the real gem an anthropologist with extensive Latin American field experience and an impressive scholarly grasp of the histories of anthropology and Marxist theory Micaela di Leonardo *The Nation* An extremely stimulating volume rich and provocative and codifies a new departure point Choice As a critic Roseberry writes with sustained force and clarity his principal points emerge with a directness that will make this book attractive to a wide range of readers American Anthropologist Roseberry is among the most astute careful and theoretically cogent of the anthropologists of his generation This book illustrates well the breadth and coherence of his thinking and guides the reader through the complicated intersections of anthropology with history political economy Marxism and Latin American studies Jane Schneider CUNY In *Anthropologies and Histories* William Roseberry explores some of the cultural and political implications of an anthropological political economy In his view too few of these implications have been explored by authors who dismiss the very possibility of a political economic understanding of culture Within political economy readers are offered sophisticated treatments of uneven development but when authors turn to culture and politics they place contradictory social experiences within simplistic class or epochal labels Within cultural anthropology history is often little more than new terrain for extending anthropological practice Roseberry places culture and history in relation to each other in the context of a reflection on the political economy of uneven development In the first half of this book he looks at and critiques a variety of anthropological understandings of culture arguing for an approach that sees culture as socially

constituted and socially constitutive Beginning with a commentary on Clifford Geertz's seminal essay on the Balinese cockfight Roseberry argues that Geertz and his followers pay insufficient attention to cultural differentiation to social and political inequalities that affect actors different understandings of the world other people and of themselves Sufficient attention to such questions Roseberry argues requires a concern for political economy In the second half of the book Roseberry explores the assumptions and practices of political economy indicates the kind of problems that should be central to such an approach and reviews some of the inadequacies of anthropological studies William Roseberry is a professor of anthropology at the New School for Social Research

The Middle Passage Herbert S. Klein, 1978-04-01 Herbert Klein's book makes several distinctive contributions to our understanding of the slave trade It offers us the first systematic comparative study of major European slave traders based exclusively on archival sources The author's minimization of the effect of overcrowded slave ships contributes to a longstanding debate regarding the mortality rate of the slaves His emphasis of the African influences on the character of the slave trade offsets the more frequent emphasis placed on the European influences Furthermore Klein maintains that basic similarities existed among the slave trading practices of all nations with no one nation being any better than another Using demographic and other quantitative data Professor Klein describes the trans Atlantic slave trade as it was practiced by all of the major European powers during the period of its maximum development His work spans a century and a half of European trading activity and an area from Senegal to Mozambique in Africa and from the Chesapeake to Guanabara Bay in the Western hemisphere Originally published in 1978 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
